Section 1. Purpose and Scope

This Guideline governs the qualifications and procedures for licensing independent adjusters. It specifies the duties of and restrictions on independent adjusters.

Drafting Note: It is recommended that any statute or regulation inconsistent with this Guideline be repealed or amended.

Section 2. Definitions

- A. “Apprentice independent adjuster” means one who is qualified in all respects as an independent adjuster except as to experience, education and/or training.
- B. “Business entity” means a corporation, association, partnership, limited liability company, limited liability partnership, or other legal entity.
- C. “Catastrophe” means an event that results in large numbers of deaths or injuries; causes extensive damage or destruction of facilities that provide and sustain human needs; produces an overwhelming demand on state and local response resources and mechanisms; causes a severe long-term effect on general economic activity; or severely affects state, local and private sector capabilities to begin and sustain response activities. A catastrophe shall be declared by the Governor of the state, district, or territory in which the catastrophe occurred.

Drafting Note: Some states may need to expand the authority to include the insurance commissioner or other eligible governmental or regulatory body, if they are authorized to declare a catastrophe.

- D. “Fingerprints” for the purposes of this Guideline, means an impression of the lines on the finger taken for purpose of identification.

Drafting Note: States that require fingerprinting would incorporate this Section, states that do not require fingerprinting need to determine if this would apply.

- E. “Home state” means the District of Columbia and any state or territory of the United States in which an independent adjuster maintains his, her or its principal place of residence or business and is licensed to act as a resident independent adjuster. If the resident state does not license independent adjusters for the line of authority sought, the independent adjuster shall designate as his, her or its home state any state in which the independent adjuster is licensed and in good standing.

- F. “Independent adjuster” means a person who:
- (1) Is an individual, a business entity, an independent contractor, or an employee of a contractor, who contracts for compensation with insurers or self-insurers;
 - (2) One whom the insurer’s or self-insurer’s tax treatment of the individual is consistent with that of an independent contractor rather than as an employee, as defined in the Internal Revenue Code, United States Code, Title 26, Subtitle C; and
 - (3) Investigates, negotiates or settles property, casualty or workers’ compensation claims for insurers or for self-insurers.
- G. “Individual” means a natural person.
- H. “Insurer” means (insert reference to appropriate section of state law).
- I. “Person” means an individual or business entity.
- J. “Uniform Individual Application” means the current version of the National Association of Insurance Commissioners (NAIC) Uniform Individual Application for resident and nonresident individuals.
- K. “Uniform Business Entity Application” means the current version of the National Association of Insurance Commissioners (NAIC) Uniform Business Entity Application for resident and nonresident business entities.

Drafting Note: Subsection K is optional and only applies to those states that have a business entity license requirement.

Drafting Note: If any term is similarly defined in a relevant section of the state’s insurance code, do not include the definition of the term in this Guideline or, in the alternative, reference the statute: “[term] is defined in [insert appropriate reference to state law or regulation].”

Section 3. License Required

A person shall not act or hold himself out as an independent adjuster in this state unless the person is licensed as an independent adjuster in accordance with this Guideline, or is exempt from licensure as an independent adjuster under this Guideline.

Section 4. Exceptions to License Requirement

The definition of independent adjuster shall not be deemed to include, and a license as an independent adjuster shall not be required of the following:

- A. Attorneys-at-law admitted to practice in this state, when acting in their professional capacity as an attorney;
- B. A person employed solely to obtain facts surrounding a claim or to furnish technical assistance to a licensed independent adjuster;
- C. An individual who is employed to investigate suspected fraudulent insurance claims but who does not adjust losses or determine claims payments;
- D. A person who solely performs executive, administrative, managerial or clerical duties or any combination thereof and who does not investigate, negotiate or settle claims with policyholders, claimants or their legal representative;
- E. A licensed health care provider or its employee who provides managed care services so long as the services do not include the determination of compensability;
- F. A managed care organization or any of its employees or an employee of any organization providing managed care services so long as the services do not include the determination of compensability;
- G. A person who settles only reinsurance or subrogation claims;

- H. An officer, director, manager or employee of an authorized insurer, surplus lines insurer, a risk retention group, or an attorney-in-fact of a reciprocal insurer;
- I. A U.S. Manager of the United States branch of an alien insurer;
- J. A person who investigates, negotiates or settles life, accident and health, annuity, or disability insurance claims;
- K. An individual employee, under a self-insured arrangement, who adjust claims on behalf of their employer;
- L. A licensed insurance producer, attorney-in-fact of a reciprocal insurer or managing general agent of the insurer to whom claim authority has been granted by the insurer;
- M. A person authorized to adjust workers' compensation or disability claims under the authority of a third party administrator (TPA) license pursuant to [insert applicable licensing statute].

Drafting Note: This Guideline is drafted to eliminate redundant licensure requirements with respect to the activities engaged in by a licensee. If licensed as an independent adjuster, third party administrator or similar business entity, licensees should not be required to obtain separate independent adjuster licenses, provided that the types of claims adjusted do not include life, health, annuity, or disability insurance claims.

Section 5. Temporary Licensure or Registration for Emergency Independent Adjusters

- A. In the event of a declared catastrophe, an insurer shall notify the insurance commissioner via an application for temporary emergency licensure, or registration if temporary emergency licensure is not statutorily required, of each individual, not already licensed in the state where the catastrophe has been declared, that will act as an emergency independent adjuster on behalf of the insurer. The insurance commissioner shall establish standards and procedures to allow for the temporary emergency licensure or registration of an emergency independent adjuster in this state.
- B. A person who is otherwise qualified to adjust claims, but not already licensed in this state where the catastrophe has been declared, may act as an emergency independent adjuster and adjust claims, if, within five days of deployment to adjust claims arising from the declared catastrophe, the insurer notifies the commissioner by providing the following information in a format prescribed by the insurance commissioner:
 - (1) Name of the individual;
 - (2) Social security number of individual;
 - (3) Name of insurer the independent adjuster will represent;
 - (4) Effective date of the contract between the insurer and independent adjuster;
 - (5) Catastrophe or loss control number;
 - (6) Catastrophe event name; and
 - (7) Other information the insurance commissioner deems necessary.

Drafting Note: The participating states, by rule, should clarify the state's meaning and application of "qualify" as used Section 5B.

- C. An emergency independent adjuster's license or registration shall remain in force for a period not to exceed 90 days, unless extended by the insurance commissioner.

Drafting Note: The fee for emergency independent adjuster application for licensure or registration shall be in an amount determined by the insurance commissioner and shall be due and payable at the time of application for licensure or registration.

Drafting Note: The insurance commissioner may provide additional provisions that would trigger licensure or registration of an emergency independent adjuster.

Section 6. Application for License

A. An individual applying for a resident independent adjuster license shall make application to the insurance commissioner on the appropriate NAIC Uniform Individual Application in a format prescribed by the insurance commissioner and declare under penalty of suspension, revocation or refusal of the license that the statements made in the application are true, correct and complete to the best of the individual's knowledge and belief. Before approving the application, the insurance commissioner shall find that the individual:

- (1) Is at least eighteen (18) years of age;
- (2) Is eligible to designate this state as his or her home state;
- (3) Is trustworthy, reliable and of good reputation, evidence of which shall be determined by the insurance commissioner;
- (4) Has not committed any act that is a ground for probation, suspension, revocation or refusal of an independent adjuster's license as set forth in Section 12;
- (5) Has completed a prelicensing course of study for the line(s) of authority for which the person has applied, where required by the insurance commissioner; and
- (6) Has successfully passed the examination for the line(s) of authority for which the person has applied;
- (7) Has paid the fees set forth in [insert appropriate reference to state law or regulation].

B. A business entity applying for a resident independent adjuster license shall make application to the insurance commissioner on the appropriate NAIC Uniform Business Entity Application in a format prescribed by the insurance commissioner and declare under penalty of suspension, revocation or refusal of the license that the statements made in the application are true, correct and complete to the best of the business entity's knowledge and belief. Before approving the application, the insurance commissioner shall find that the business entity:

- (1) Is eligible to designate this state as its home state;
- (2) Has designated a licensed independent adjuster responsible for the business entities compliance with the insurance laws, rules and regulations of this state;
- (3) Has not committed an act that is a ground for probation, suspension, revocation or refusal of an independent adjuster's license as set forth in Section 12; and
- (4) Has paid the fees set forth in [insert appropriate reference to state law or regulation].

Drafting Note: This Section is optional and applies only to those states that have a business entity requirement.

Drafting Note: Employee of the authorized affiliate insurer may be considered under this exemption with the Commissioner's consent.

C. In order to make a determination of license eligibility, the insurance commissioner is authorized to require fingerprints of applicants and to submit the fingerprints and the fee required to perform the criminal history record checks to the state identification bureau (or state department of justice public state agency) and the Federal Bureau of Investigation (FBI) for state and national criminal history record checks.

Drafting Note: The FBI requires that fingerprints be submitted to the state Department of Law Enforcement, Public Safety or Criminal Justice for a check of state records before the fingerprints are submitted to the FBI for a criminal history record check. The FBI recommends all fingerprint submissions be in an electronic format. Public Law 92-544 requires specific parameters to submit fingerprints and obtain criminal history record information. The FBI has approved the language in Section 6C to authorize a state identification bureau to submit fingerprints on behalf of its applicants in conjunction with licensing and employment.

- D. The insurance commissioner shall require a criminal history record check on each applicant in accordance with this Guideline. The insurance commissioner shall require each applicant to submit a full set of fingerprints (including a scanned file from a hard copy fingerprint) in order for the insurance commissioner to obtain and receive national criminal history records from the FBI Criminal Justice Information Services Division.
- E. The insurance commissioner may contract for the collection and transmission of fingerprints authorized under this Guideline. If the insurance commissioner does so, the insurance commissioner may order the fee for collecting and transmitting fingerprints to be payable directly to the contractor by the applicant. The insurance commissioner may agree to a reasonable fingerprinting fee to be charged by the contractor.
- F. The insurance commissioner shall treat and maintain an applicant's fingerprints and any criminal history record information obtained under this Guideline as confidential and shall apply security measures consistent with the Criminal Justice Information Services Division of the Federal Bureau of Investigation standards for the electronic storage of fingerprints and necessary identifying information and limit the use of records solely to the purposes authorized in this Guideline. The fingerprints and any criminal history record information shall not be subject to subpoena, other than one issued in a criminal action or investigation, and shall be confidential.
- G. The insurance commissioner is authorized to receive criminal history record information from another government agency in lieu of the state identification bureau (or state department of justice or other public state agency) that submitted the fingerprints to the FBI.

Drafting Note: If the state has adopted fingerprint requirements for other classes of licenses, it may not necessary to adopt this language. This provision does not permit the sharing of criminal history record information with the NAIC or other insurance commissioners as such sharing of information is prohibited by 28 CFR 20.33.

- H. The insurance commissioner may require any documents reasonably necessary to verify the information contained in the application.

Section 7. License

- A. Unless denied licensure pursuant to Section 12, persons who have met the requirements of Sections 6 and 8 shall be issued an independent adjuster license. An independent adjuster may qualify for a license in one or more of the following lines of authority:
 - (1) Property and Casualty; or
 - (2) Workers Compensation; or
 - (3) Crop.
- B. Any person holding a license pursuant to this provision shall not be required to hold any other independent adjuster, insurance or self-insurance administrator license in this state pursuant to [insert applicable TPA law cross reference] or any other provision, including, but not limited to, licenses by the [Workers Compensation Commissions, the Department of Labor or other applicable cross reference] provided that he, she or it does not Guideline as an independent adjuster with respect to life, health or annuity insurance, other than disability insurance.

Drafting Note: This Guideline is drafted to eliminate redundant licensure requirements with respect to the activities engaged in by the licensee. If licensed as an independent adjuster, third party administrator or similar business entity additional licenses should not be required provided that the type of claims adjusted do not include life, health, or annuity insurance claims, other than disability claims.

- C. An independent adjuster license shall remain in effect unless probated, suspended, revoked or refused as long as the request for renewal and fee set forth in [insert appropriate reference to state law or regulation] is paid and all other requirements for license renewal are met by the due date, otherwise the license expires.

- D. An independent adjuster whose license expires may, within twelve (12) months of the renewal date, be reissued an independent adjuster license upon receipt of the renewal request, as prescribed by the insurance commissioner. However, a penalty in the amount of double the unpaid renewal fee shall be required to reissue the expired license.
- E. An independent adjuster who is unable to comply with license renewal procedures and requirements due to military service, long-term medical disability or some other extenuating circumstance may request a waiver of same and a waiver of any examination requirement, fine or other sanction imposed for failure to comply with renewal procedures.

Drafting Note: Some states may not contain expiration date or reissue a license that has been discontinued for nonrenewal.

- F. An independent adjuster shall be subject to [cite state's Unfair Claims Settlement Act and state's Trade Practices and Fraud sections of the Insurance Code].
- G. The independent adjuster shall inform the insurance commissioner by any means acceptable of any change in resident or business address(es) for the home state or in legal name, within thirty (30) days of the change.
- H. The license shall contain the licensee's name, address, personal identification number, the date of issuance and expiration and any other information the insurance commissioner deems necessary.
- I. In order to assist in the performance of the insurance commissioner's duties, the insurance commissioner may contract with non-governmental entities, including the NAIC, its affiliates or subsidiaries, to perform any ministerial functions, including the collection of fees and data, related to licensing that the insurance commissioner may deem appropriate.

Section 8. Examination

- A. An individual applying for an independent adjuster license under this Guideline shall pass a written examination unless exempt pursuant to Section 9. The examination shall test the knowledge of the individual concerning, the lines of authority for which application is made, the duties and responsibilities of an independent adjuster and the insurance laws and regulations of this state. Examinations required by this Section shall be developed and conducted under rules and regulations prescribed by the insurance commissioner.
- B. The insurance commissioner may make arrangements, including contracting with an outside testing service, for administering examinations and collecting the nonrefundable fee set forth in [insert appropriate reference to state law or regulation].
- C. Each individual applying for an examination shall remit a non-refundable fee as prescribed by the insurance commissioner as set forth in [insert appropriate reference to state law or regulation].
- D. An individual who fails to appear for the examination as scheduled or fails to pass the examination shall reapply for an examination and remit all required fees and forms before being rescheduled for another examination.

Drafting Note: A state may wish to prescribe by regulation limitations on the frequency of application for examination in addition to other prelicensing requirements.

Drafting Note: If the state has adopted the Producer Licensing Model Act, it may not be necessary to adopt this section. Rather, the state may want to amend its relevant insurance producer statute to include independent adjusters.

Section 9. Exemptions from Examination

- A. An individual who applies for an independent adjuster license in this state who is or was licensed in another state for the same line(s) of authority based on an independent adjuster examination shall not be required to complete any prelicensing education or examination. This exemption is only available if the person is currently licensed in another state or if that state license has expired and the application is received by this state within ninety (90) days of expiration. The applicant must provide certification from the other state that the applicant's license is currently in good standing or was in good standing at the time of expiration or certification from the other state that its Producer Database records, maintained by the NAIC, its affiliates or subsidiaries, indicate that the applicant or their company is or was licensed in good standing. The certification must be of a license with the same line of authority for which the individual has applied;
- B. A person licensed as an independent adjuster in another state based on an independent adjuster examination who establishes legal residency in this state shall make application within ninety (90) days to become a resident independent adjuster licensee pursuant to Section 6, with the exception that no prelicensing education or examination shall be required of this person;
- C. An individual who applies for an apprentice independent adjuster license, pursuant to Section 11, and who adjust claims in that capacity, shall not be required to take and successfully complete the independent adjuster examination.

Drafting Note: If the state does not adopt Section 11, Apprentice Independent Adjuster License, then 9C should be removed as an exemption from examination.

Drafting Note: If the state has adopted the Producer Licensing Model Act, it may not be necessary to adopt this Section. Rather, the state may want to amend its relevant insurance producer statute to include independent adjusters.

Section 10. Nonresident License

- A. Unless refused licensure pursuant to Section 12, a nonresident person shall receive a nonresident independent adjuster license if:
 - (1) The person is currently licensed in good standing as an independent adjuster in his, her, or its resident or home state;
 - (2) The person has submitted the proper request for licensure, has paid the fees required by [insert appropriate reference to state law or regulation];
 - (3) The person has submitted or transmitted to the insurance commissioner the appropriate completed application for licensure; and
 - (4) The person's designated home state awards nonresident independent adjuster licenses to persons of this state on the same basis.
- B. The insurance commissioner may verify the independent adjuster's licensing status through any appropriate database, including the Producer Database maintained by the NAIC, its affiliates or subsidiaries, or may request certification of good standing as described in Section 9A of this Guideline.
- C. As a condition to the continuation of a nonresident independent adjuster license, the licensee shall maintain a resident independent adjuster license in his, her or its home state. The nonresident independent adjuster license issued under this Section shall terminate and be surrendered immediately to the insurance commissioner if the resident independent adjuster license terminates for any reason, unless the termination is due to the independent adjuster being issued a new resident independent adjuster license in his, her or its new home state. The new state resident independent adjuster license must have reciprocity with the licensing nonresident state(s) otherwise the nonresident independent adjuster license(s) will terminate. Notice of resident independent adjuster license termination must be given to any state(s) that issued a nonresident independent adjuster license. Notice must be given within thirty (30) days of the termination date; if terminated for change in resident home state then the notice must include both the previous and current address. Maintaining a resident independent adjuster license is required for the nonresident independent adjuster license(s) to remain valid.

Drafting Note: If the state has adopted the Producer Licensing Model Act, it may not be necessary to adopt this Section. Rather, the state may want to amend its relevant insurance producer statute to include independent adjusters.

Drafting Note: In accordance with Public Law No. 106-102 (the “Gramm-Leach-Bliley Act”) states should not require any additional attachments to the Uniform Application or impose any other conditions on applicants that exceed the information requested within the Uniform Application.

Section 11. Apprentice Independent Adjuster License [Optional]

- A. The apprentice independent adjuster license is an optional license to facilitate the experience, education and/or training necessary to ensure reasonable competency of the responsibilities and duties of an independent adjuster as defined in this Guideline.

- B. An individual applying for a resident apprentice independent adjuster license shall make application to the insurance commissioner on the appropriate NAIC Uniform Individual Application in a format prescribed by the insurance commissioner and declare under penalty of suspension, revocation or refusal of the license that the statements made in the application are true, correct and complete to the best of the individual’s knowledge and belief. Before approving the application, the insurance commissioner shall find that the individual:
 - (1) Is at least eighteen (18) years of age;
 - (2) Is a resident of this state and has designated this state as his or her home state;
 - (3) Has a business or mailing address in this state for acceptance of service of process;
 - (4) Has not committed any act that is a ground for probation, suspension, revocation or denial of licensure as set forth in Section 12;
 - (5) Is trustworthy, reliable and of good reputation, evidence of which may be determined by the insurance commissioner;
 - (6) Has paid the fees set forth in [insert appropriate reference to state law or regulation].

- C. The apprentice independent adjuster license shall be subject to the following terms and conditions:
 - (1) Accompanying the apprentice adjuster application shall be an attestation, from a licensed independent adjuster with the same line(s) of authority for which the apprentice has applied, certifying that the apprentice will be subject to training, direction and control by the licensed independent adjuster and further certifying that the licensed independent adjuster assumes responsibility for the actions of the apprentice in the apprentice’s capacity as an independent adjuster;
 - (2) The apprentice independent adjuster is only authorized to adjust claims in the state that has issued the apprentice independent adjuster license;
 - (3) The apprentice licensee is restricted to participation in the investigation, settlement and negotiation of claims subject to the review and final determination of the claim by the supervising licensed independent adjuster;
 - (4) Compensation of an apprentice independent adjuster shall be on a salaried or hourly basis only;
 - (5) The apprentice independent adjuster shall not be required to take and successfully complete the independent adjuster examination pursuant to Section 8, to adjust claims as an apprentice independent adjuster. However, at any time during the apprenticeship the apprentice independent adjuster may choose to take the examination required by Section 8. If the individual takes and successfully completes the independent adjuster exam the apprentice independent adjuster license shall automatically terminate and an independent adjuster license shall be issued to that individual in place thereof;

- (6) The apprentice independent adjuster license is for a period not to exceed twelve (12) months and is nonrenewable; and
 - (7) The licensee shall be subject to probation, suspension, revocation, or refusal pursuant to Section 12 of this Guideline.
- D. The licensed independent adjuster responsible for the apprentice independent adjuster, as stated in Section 11(C)(1), shall only supervise [insert appropriate reference to state law or regulation].

Section 12. License Denial, Non-Renewal, or Revocation

- A. The insurance commissioner may place on probation, suspend, revoke, or refuse to issue or renew an independent adjuster's license or may levy a civil penalty in accordance with [insert appropriate reference to state law] or any combination of the above actions for any one or more of the following causes:
- (1) Providing incorrect, misleading, incomplete or materially untrue information in the license application;
 - (2) Violating any insurance laws, regulations, subpoena or order of the insurance commissioner or of another state's insurance commissioner;

 - (13) Failing to pay state income tax or comply with any administrative or court order directing payment of state income tax which remains unpaid.

Drafting Note: Paragraph (13) is for those states that have a state income tax.

- B. In the event that the action by the insurance commissioner is to refuse application for licensure or renewal of an existing license, the insurance commissioner shall notify the applicant or licensee in writing, advising of the reason for the refusal. The applicant or licensee may make written demand upon the insurance commissioner within [insert appropriate time period from state's Administrative Procedure Act] for a hearing before the insurance commissioner to determine the reasonableness of the refusal. The hearing shall be held within [insert time period from state law] and shall be held pursuant to [insert appropriate reference to state law].

- C. The license of a business entity may be probated, suspended, revoked, or refused if the insurance commissioner finds, after a hearing, that its designated individual licensee's violation occurred while acting on behalf of or representing the business entity and that the violation was known or should have been known by one or more of the business entity's partners, officers or managers and that the violation was neither reported to the insurance commissioner nor was corrective action taken.

- B. The independent adjuster shall report to the insurance commissioner any criminal action taken against the independent adjuster in this or any jurisdiction within thirty (30) days of the final disposition of the criminal matter. The report shall include a copy of the initial complaint filed, the final order issued by the court, and any other relevant legal documents.

Drafting Note: If the state has adopted the Producer Licensing Model Act, it may not be necessary to adopt this Section. Rather, the state may want to amend its relevant insurance producer statute to include independent adjusters.
