MARKET CONDUCT ANNUAL STATEMENT BLANKS (D) WORKING GROUP

Thursday, September 4, 2025

3:00 – 4:00 p.m. ET / 2:00 – 3:00 p.m. CT / 1:00 – 2:00 p.m. MT / 12:00 – 1:00 p.m. PT

ROLL CALL

Joshua Guillory, Chair	Louisiana	Jonathan Wycoff	Nevada
Tolanda (Coker) McNeal,	Arizona	Alma Tapia	New Mexico
Vice Chair		Guy Self	Ohio
Teri Ann Mecca/Lori Plant	Arkansas	Gary Jones/August Hall/	Pennsylvania
Sheryl Parker	Florida	Karen Veronikis	
Elizabeth Nunes/	Georgia	Gwendolyn Fuller-McGriff/	South Carolina
Paula Shamburger		Rachel Moore	
Chris Heisler	Illinois	Larry D. Deiter	South Dakota
Charles Thomas	Kansas	Rhonda Bowling-Black	Tennessee
Lori Cunningham	Kentucky	Shelley Wiseman	Utah
Raymond A. Guzman	Maryland	Melissa Gerachis	Virginia
Mary Lou Moran	Massachusetts	Sandy Ray	Washington
Danielle Torres	Michigan	Letha Tate	West Virginia
Jo A. LeDuc/Julie Hesser	Missouri	Rebecca Rebholz	Wisconsin
Martin Swanson	Nebraska		

NAIC Support Staff: Teresa Cooper/Hal Marsh/Kelsey Bollin

AGENDA

1. Consider Adoption of its Aug. 7 Minutes—*Joshua Guillory (LA)* Attachment 1
2. Discuss the Handling of Expatriate Policies in the Health Market Conduct Annual Statement (MCAS)—*Joshua Guillory (LA)*
3. Discuss the Formation of a Subject Matter Expert (SME) Group to Begin Work on the Long-Term Care (LTC) MCAS—*Joshua Guillory (LA)* Attachment 2
Attachment 3
4. Discuss Any Other Matters Brought Before the Working Group
—*Joshua Guillory (LA)*
5. Adjournment

Draft: 8/20/25

Market Conduct Annual Statement Blanks (D) Working Group
Virtual Meeting
August 7, 2025

The Market Conduct Annual Statement Blanks (D) Working Group of the Market Regulation and Consumer Affairs (D) Committee met Aug. 7, 2025. The following Working Group members participated: Josh Guillory, Chair (LA); Tolanda Coker, Vice Chair (AZ); Rachael Lozano (FL); Chris Heisler (IL); Raymond A. Guzman (MD); Danielle Torres (MI); Jo A. LeDuc (MO); Robert McCullough (NE); Guy Self (OH); Karen Veronikis (PA); Tony Dorschner (SD); Rhonda Bowling-Black (TN); Shelley Wiseman (UT); and Melissa Gerachis (VA).

1. Adopted its July 10 Minutes

The Working Group met July 10 and took the following action: 1) adopted its May 22 and May 1 minutes; 2) adopted a travel Market Conduct Annual Statement (MCAS) proposal received from the travel subject matter expert (SME) group; 3) discussed how to care for discretionary groups on other health MCAS; 4) discussed submitting a proposal form to address clarification of blanket policies reporting on the other health MCAS; 5) discussed the adjusted valuation calculation proposed by Rhode Island; 6) discussed the next line of business to review and the formation of an SME group; and 7) discussed other matters.

Wiseman made a motion, seconded by LeDuc, to adopt its July 10 minutes (Attachment 1). The motion passed unanimously.

2. Discussed How to Care for Discretionary Groups on the Other Health MCAS

Guillory referenced Attachment 2, which outlines current definitions for “report by residency,” “other health,” and “associations/trust.” He noted that while exclusions for some definitions have been adopted, none currently exist for discretionary groups. He recapped SME concerns that discretionary group definitions vary by state, creating reporting inconsistencies. The following options were discussed: 1) make no changes and allow companies to continue current reporting practices; 2) add a separate column/bucket for discretionary group data (proposed by Mary Kay Rodriguez [WI]); 3) add an exclusion with examples of discretionary groups (proposed by the SME group); and 4) add an exclusion noting that definitions are determined by the reporting jurisdiction (proposed by Missouri).

No motion was made regarding discretionary group reporting. The topic was removed from the agenda, with the assumption that there is no interest in pursuing changes at this time.

3. Adopted the Proposal Form to Address Clarification of Blanket Policy Reporting on the Other Health MCAS

Guillory introduced the proposal forms submitted by Guzman regarding clarification of blanket policy reporting on the other health MCAS. The proposal would amend the definition of “other health” to specify that blanket policies for short-term events are excluded. No comments were raised after review and an opportunity for questions or discussion from Working Group members, state regulators, and interested parties. A motion was requested to adopt the proposal.

Guzman made a motion, seconded by Veronikis, to adopt the proposal (Attachment 3). The motion passed unanimously.

4. Discussed the Handling of Expatriate Policies in the Health MCAS

Guillory introduced the discussion on expatriate policies in the health MCAS, a topic Mary Lou Moran (MA) raised at the Working Group's July 10 meeting. As Moran was not present, Guillory provided background, noting the lack of clear guidance on how states are handling expatriate policies.

LeDuc raised general questions regarding expatriate coverage, noting her understanding that it is intended for U.S. citizens living abroad. She questioned whether coverage would apply to U.S. services, the volume of such policies (e.g., limited versus large-scale), and how companies allocate premiums to state pages. Specifically, she asked how residency is determined for expatriates living overseas.

Guillory agreed with LeDuc's understanding of expatriate policies as U.S.-based policies covering U.S. citizens overseas. He noted that in Louisiana, volume appears to be very low or non-existent, with no complaints or company inquiries identified, though reporting gaps cannot be ruled out. He invited industry representatives and other regulators to provide input on expatriate policy volume and handling.

Guillory noted the continued uncertainty regarding expatriate policies and recommended keeping the item on the agenda for one more meeting. He said he would conduct further research and suggested reaching out to NAIC staff for additional information. It is anticipated that Moran will join the next meeting to provide input. The Working Group will then determine whether clarification is needed or if the issue should be dropped. No further comments were raised.

5. Discussed the Formation of an SME Group to Begin Work on the LTC MCAS

Guillory introduced the formation of an SME group to review the long-term care (LTC) MCAS reporting blank and data column definitions, which was in line with the Working Group's charge to review data elements in effect for more than three years. At this time, no volunteers from state regulators or industry have come forward. Guillory reminded participants that best practices call for at least five jurisdictions to participate. Without sufficient volunteers, the full Working Group will conduct the review during regular calls. Members were encouraged to contact Hal March (NAIC) to volunteer.

Having no further business, the Market Conduct Annual Statement Blanks (D) Working Group adjourned.

7-56	Number of benefit payment requests denied or not paid within 31-60 days
7-57	Number of benefit payment requests denied or not paid within 61-90 days.
7-58	Number of benefit payment requests denied or not paid beyond 90 days.

Schedule 8 - Lawsuit Activity

ID	Description
8-59	Number of lawsuits open as of the beginning of the period.
8-60	Number of lawsuits opened during the period.
8-61	Number of lawsuits closed during the period - total.
8-62	Number of lawsuits closed during the reporting period with consideration for the consumer.
8-63	Number of lawsuits open as of the end of the period.

In determining what business to report for a particular state, all reporting companies should follow the same methodology/definitions used to file the Financial Annual statement (FAS) and its corresponding state pages and in accordance with each applicable state's regulations.

Schedule 9 - Long-Term Care Attestation

By completing the attestation information, those named understand, agree and certify on behalf of the named company that:

1. They are authorized to submit the Market Conduct Annual Statement on behalf of the named company and to bind the company to the statements in this attestation;
2. They are knowledgeable of the information required to be provided in the Market Conduct Annual Statement filed by this company and have reviewed this filing;
3. To the best of their knowledge and belief, this filing represents a full and accurate statement of the information required to be provided in the Market Conduct Annual Statement pursuant to the applicable instructions; and
4. They are aware that the state insurance department(s) receiving the data may initiate regulatory action as authorized by law in a specific jurisdiction if the data submitted in the MCAS is inaccurate, incomplete, or found to be materially false, misleading or omissive.
5. They affirm that the company is able to accurately trace the data as reported to its source within the company and if necessary, recreate the MCAS results as reported in this filing.

Market Conduct Annual Statement Long-Term Care Stand-Alone and Hybrid Products Data Call & Definitions

NOTE: The company must provide the name for at least two individuals who are able to attest that the criteria listed above have been met and attest to the overall accuracy of the MCAS filing. Both attestors should have participated in the review and validation of the filing. We recommend that one person be the individual with operational responsibility for the source data such as a responsible individual from claims, underwriting or compliance. We recommend that the second person should be a responsible IT person that participated in the creation of the data in the filing.

ID	Description
9-64	First Attestor Information (First Name, Middle Name, Last Name, Suffix, Title).
9-65	Second Attestor Information (First Name, Middle Name, Last Name, Suffix, Title).
9-66	Overall comments for the filing period.

General Instructions – All LTC Products:

For the purpose of the MCAS Long-term care insurance reporting blank:

1. "Long-term care insurance" means that as defined in Section 4.A. of the NAIC Long-Term Care Insurance Model Act (#640), with the exception that long-term care insurance riders attached to a life insurance policy or an annuity contract, and group insurance plans are not included.
2. Schedules 3, 4 and 5 refer to claimants and claimant requests. A claimant request is the initial request for LTC benefits under the policy or contract. It is the determination by the insurer that the claimant is entitled to benefits under the policy or contract.
3. Reporting for schedules 3 through 5 is to be done on a "per claimant" basis (counts each individual who makes one or a series of requests or demands for payment of benefits under a policy) [Model #641, Appendix E]
4. Schedules 6 and 7 refer to individual benefit payment requests following the initial determination by the insurer that the claimant is entitled to benefits under the policy or contract. The purpose of the schedules is to differentiate between initial coverage request activities (Schedules 3, 4 and 5) and benefit payment request activities (Schedules 6 and 7) once the insurer has affirmed the initial coverage requests.
5. Reporting for schedules 6 and 7 is to be done on a "per transaction" basis (counts each benefit payment request pending and benefit payment made). [Model #641, Appendix E]

Market Conduct Annual Statement Long-Term Care Stand-Alone and Hybrid Products Data Call & Definitions

General Instructions – Life and Annuity Hybrid LTC

1. For purposes of the LTC Hybrid Product MCAS, "LTC Hybrid Product" means those products providing Long-Term Care insurance as defined in Section 4.A. of the NAIC Long-Term Care Insurance Model Act (#640), as part of a Life-LTC hybrid insurance policy or Annuity-LTC hybrid contract. Such LTC hybrid benefits may be built into the life policy or annuity contract, or may be attached to such policy or contract by a rider. Report experience for Life-LTC hybrid products separately from Annuity-LTC hybrid products in the schedules provided. Report experience on individual LTC hybrid policies and contracts only. Do not report experience on group policies and contracts.
2. For Schedule 2, report experience for all policies or contracts with LTC hybrid benefits. For all data elements in Schedule 2, report the number of policies or contracts with Life-LTC hybrid or Annuity-LTC hybrid benefits and which meet the definition of the specific data element. For example, for data element 2-19 in the Life-LTC hybrid schedules, report the number of life insurance policies with LTC benefits in force at the beginning of the reporting period. For data element 2-19 in the Annuity-LTC hybrid schedules, report the number of annuity contracts with LTC benefits in force at the beginning of the reporting period. For data element 2-20, report the number of new business policies or contracts with LTC hybrid benefits.
3. For Schedules 3 through 7, report the experience for those policies or contracts with LTC hybrid benefits and report experience only for the LTC benefit portion of the policy or contract. For example, report experience for claimants, claimant requests denied/not paid, claimant request determination timeliness, benefit payment requests, and benefit payment request timeliness only for the LTC benefit portion of the LTC hybrid product.
4. For Schedule 8, report experience for those policies or contracts with some form of LTC benefit. Report lawsuit experience for all lawsuits related to the LTC product, regardless of what aspect of the product, coverage or benefit the lawsuit is about.

Definitions:

Benefit Payment Request—A request for benefits after the insurer has determined the insured is entitled to benefits following the initial claimant request. (See Claimant Request and Claimant Request Determination, below.) Each request or demand for a benefit payment (after satisfaction of the waiting or elimination period, if any) is treated as a distinct benefit payment request, and continuing payments for the same service should each be treated as a distinct benefit payment request. The data elements in Schedule 4 capture the period of time between the company's receipt of a claim form, bill, invoice, or other satisfactory documentation to the date the company makes payment for an approved claimant (after satisfaction of the waiting or elimination period, if any).

Market Conduct Annual Statement Long-Term Care Stand-Alone and Hybrid Products Data Call & Definitions

Claimant - An insured under an in-force policy or contract who the insurer has determined has met the benefit trigger of the policy or contract, or is in the process of making such determination, and such insured is, or may be, eligible to submit benefit payment requests.

Claimant Request - A request or demand for payment made by an insured, or a representative of the insured, for a loss that may be included within the terms of coverage of the LTC stand-alone or LTC hybrid policy or contract. It does not include events that were reported by the insured for "information only" or an inquiry of coverage when a claim has not actually been presented (opened) for payment. If a claim is re-opened, report the claim as a new claim and the claim determination time period should be measured from the date the claim was re-opened to the benefit trigger determination date.

Claimant Request Determination - A determination as to whether an insured has met a contractual provision of an LTC policy or contract that conditions the payment of benefits on the insured's ability to perform activities of daily living, cognitive impairment, or other loss of functional capacity. For purposes of this blank, the term applies to the initial claimant request, and captures the period of time from notice of claim to the benefit trigger/claimant request determination date. For claimant requests that are denied/not paid, report the period of time from the date of notice of claim to the date the claimant was notified of the determination to deny or not pay the claim.

Claimant Request Denied or Not Paid because Benefit Eligibility Criteria Not Met - A determination, following the initial claimant request for coverage under the LTC benefit of the policy or contract, that a benefit trigger has not been met, or a required certification by a licensed health care practitioner has not been provided, or a plan of care has not been provided.

Claimant Request Denied or Not Paid Because Claimant Did Not Pursue - A claimant or policyholder made a request or demand for payment for the purpose of receiving a benefit trigger/claimant request determination and/or benefit payment under the LTC benefit of a policy or contract, but did not provide the necessary documentation or contact the insurer again (inactivity could be the result of death.)

Claimant Request Denied or Not Paid Because Elimination or Waiting Period Not Met - A determination, following the initial claimant request for coverage under the LTC benefit of the policy or contract that the elimination/waiting period had not yet elapsed.

Market Conduct Annual Statement Long-Term Care Stand-Alone and Hybrid Products Data Call & Definitions

Claimant Request Denied or Not Paid Because Services Provided Not Covered

- Expenses incurred for services and support which are not eligible for reimbursement under the LTC benefit of a policy or contract, such as an expense incurred for home health care when the policy or contract only provides benefits for nursing home confinements.

Claimant Request Denied or Not Paid Because of Preexisting Condition

Exclusion - A denial of coverage because benefits for the medical advice or treatment recommended by, or received from a provider of health care services are subject to a restriction as a pre-existing condition for a period of time following the effective date of coverage of an insured person.

Claimant Request Denied or Not Paid Because Provider or Facility Not

Qualified - A long-term care provider or facility does not meet the minimum level of requirements or licensing as outlined in the policy or contract.

Complaint—Any written communication from a consumer that expresses dissatisfaction with a specific person, or entity, or product subject to regulation under the state's insurance laws. An oral communication, which is subsequently converted to a written form, will meet the definition of a complaint for this purpose.

Denied or Not Paid - A request or demand for payment that is not paid for any reason.

- Under Schedule 4, if a denial could be reported under more than one of the categories, report the denial in the category that is most specific to the circumstances surrounding the denial. If a claimant's request was denied, the denial should not be counted more than once.
- Under Schedule 5, exclude denials for failure to meet the waiting or elimination period or because of an applicable preexisting condition.

The term does not include a request or demand for payment that is in excess of the applicable contractual limits.

Elimination Period - A period of time, as specified in the policy or contract, during which the insured incurs qualified long-term care services and support for which benefits are not payable until the end of such period.

Free Look - A set number of days provided in an insurance policy or contract that allows time for the owner/purchaser to review the policy or contract provisions with the right to return the policy or contract for a full refund of all monies paid. Report the number of policies that were returned by the owner under the free look provision.

Lapse - The termination of the entire policy or contract or the termination of the LTC benefit of the policy or contract due to nonpayment of premium.

Market Conduct Annual Statement Long-Term Care Stand-Alone and Hybrid Products Data Call & Definitions

Lawsuit - An action brought in a court of law in which one party, the plaintiff, claims to have incurred a loss as a result of the action of another party, the defendant.

For purposes of reporting lawsuits for LTC hybrid products:

- Include only lawsuits brought by an applicant for insurance, a policyholder or a beneficiary as a plaintiff against the reporting insurer or its agent as a defendant;
- Include all lawsuits, whether or not a hearing or proceeding before the court occurred;
- Do not include arbitrations of any sort;
- If one lawsuit has two or more complainants, report the number of complainants as the number of lawsuits. For example, if one lawsuit has two complainants, report two lawsuits. If the lawsuit is a class action, see instructions for treatment of class action lawsuits;
- Report a lawsuit in the jurisdiction in which the policy or contract was issued with the exception of class action lawsuits;
- Treatment of class action lawsuits: Report the opening and closing of a class action lawsuit once in each state in which a potential class member resides. Include an explanatory note with your submission stating the number of class action lawsuits included in the data and the general cause of action.

Lawsuits Closed During the Period with Consideration for the Consumer - A lawsuit closed during the reporting period in which a court order, jury verdict, or settlement resulted in payment, benefits, or other thing of value, i.e., consideration, to the applicant, policyholder, or beneficiary in an amount greater than offered by the reporting insurer before the lawsuit was brought.

New Business Policy or Contract—A newly written agreement that puts insurance coverage into effect under a policy or contract during the reporting period

Pending Claim - A claim that has not yet been paid or denied.

Replacement - Replacement of any life policy, annuity contract or LTC policy already in force with a new policy or contract with LTC insurance coverage.

- External Replacement—If the policy or contract to be replaced was issued by another insurer.
- Internal Replacement—If the policy or contract to be replaced was issued by your company.

For Data Elements 2-25 (Number of Internal Replacements) and 2-26 (Number of External Replacements), report the number of policies included in data element 2-20 (Number of new business policies) which are replacements of any type of life, annuity or long-term care policies.

Rescission - Invalidation of a policy or contract or invalidation of the LTC coverage portion of a policy or contract by an insurer, in accordance with the guidelines provided in the NAIC Long-Term Care Insurance Model Act (#640).
