Discussion Project on COVID-19 Claims

- IAIABC Claims Measures seeks to provide a broad overview of workers’ compensation claims metrics across jurisdictions.
- Informal/sharing collecting of COVID claims information among IAIABC jurisdictional members.
- How can injury reporting data be used to answer questions about COVID claims.
2020 Snapshot: COVID WC Claims

COVID-19 WC Claims Filed in 2020 (20 U.S. States)

258,873

California, Florida, and Texas
