#### **MEMORANDUM**

TO: National Treatment and Coordination (E) Working Group

FROM: Judy Weaver (MI), Facilitator of the Chief Financial Regulator Forum

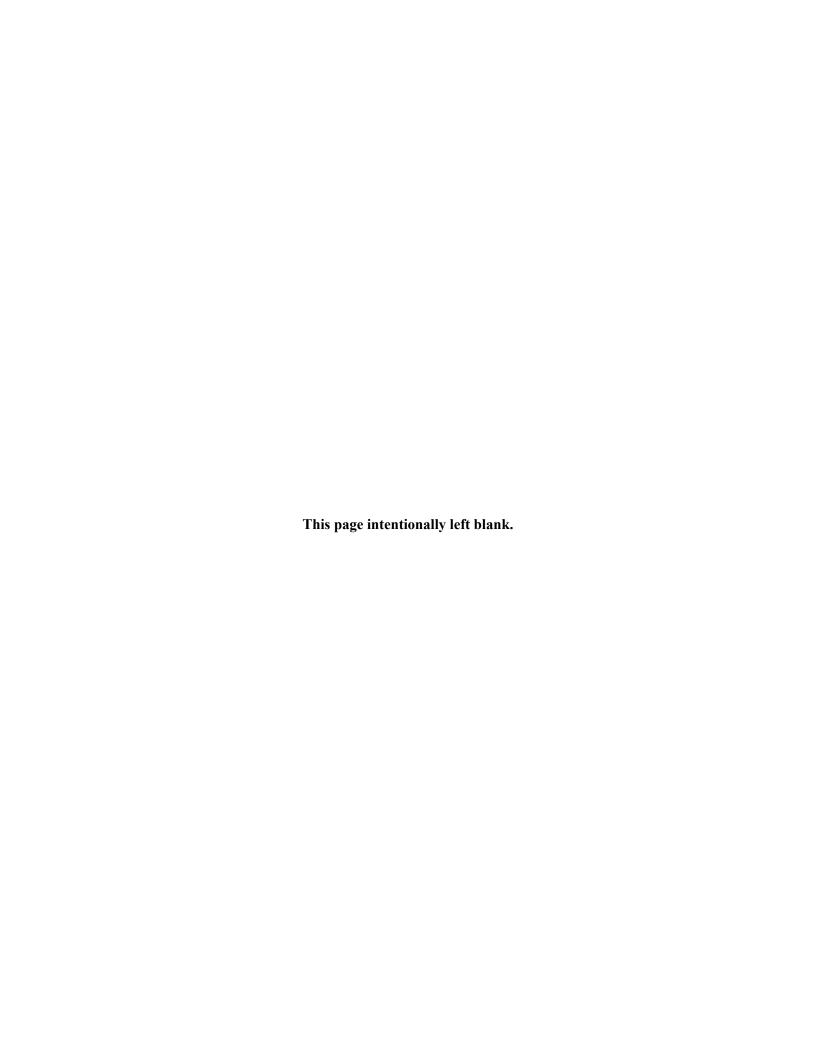

DATE: November 10, 2020

RE: Notification to NAIC of Change of Control

On its November 10 conference call, the Chief Financial Regulator Forum discussed challenges that regulators and the NAIC face in maintaining accurate NAIC Group Codes in the Financial Data Repository and supporting regulator tools. One of the challenges discussed relates to the NAIC not receiving timely notice from insurers or regulators on completed transactions that resulted in a change of control. This issue can lead to inconsistencies in reporting and confusion regarding regulator (i.e., Lead State) review responsibilities.

While there appear to be some processes in place to notify the NAIC of changes of control (e.g., UCAA Corporate Amendment Change of Control Application, Form A Database), such processes do not appear to be consistently followed and applied. Therefore, the Chief Financial Regulator Forum requests that the Working Group investigate this issue and propose changes as necessary to ensure that the NAIC is notified of completed change of control transactions in a timely manner.

If there are any questions regarding the proposed request, please contact either me or NAIC staff (Bruce Jenson at *bjenson@naic.org*) for clarification. Thank you in advance for your consideration of this referral.

#### PRIMARY APPLICATION

The Primary Application to the Uniform Certificate of Authority Application (UCAA) is designed for use in the formation of a new insurer, or for an existing insurer to use in making application to redomesticate to another state. A Uniform State is one that is committed to using the UCAA review process for company licensing and admissions.

The UCAA Primary Application has <u>four three</u> sections designed to guide the Applicant Company through the licensing process:

- I. <u>Application Review Process</u>
- II. Filing Requirements (New Insurers and Redomestications)
- III. Filing Requirements (Redomestications Only)
- IV. How to File

The goal of the UCAA is to provide a streamlined approval process. However, some states have <u>state-specific filing requirements</u> based on statutes or internal procedures. The uniform states are working to eliminate non-essential state-specific requirements. All Applicant Companies must be familiar with the insurance laws of the state to which they submit an application. Please see the <u>UCAA charts</u> for information related to obtaining a copy of the laws, regulations and bulletins for the state in which an application is filed.

If the Applicant Company has any questions about the uniform admission process, a list of contact information is provided on the <u>Addresses and Contacts Information for Submission of Application</u> chart. It is highly recommended that the Applicant Company review the <u>state charts</u>, the application instructions and review the <u>Frequently Asked Questions (FAQs)</u> prior to contacting <u>each the</u> state with any questions before submitting the application for review.

Primary Application Section I Application Review Process Processing Goal: 90 Days

It is the goal of each Uniform State to process all Primary Applications within 90 calendar days with receipt of a complete <u>electronic</u> application. The 90-day review process includes two weeks to determine if the application is complete and acceptable for filing. A completed application includes all required information detailed in the primary application instructions, any state specific requirements and filing fees. During the remaining time-span, the application will receive a financial and operational review. A state may not achieve the 90-day processing goal in instances where the application requires substantial follow-up, or in states with limited resources, or in instances when the Applicant Company files an application during peak business periods such as year-end and annual statement filing periods. Due to varying levels of resources available in each state the review may take longer than 90 days to complete. Anytime the state requests additional information, the state suspends the 90-day goal until it receives—the requested information is provided.

Based on the circumstances of a particular application, it may be necessary for the reviewing state to request additional information. Typically, a state will request any additional information it needs within 30 days after the state accepts acknowledges the application. For more detail regarding the review process, refer to the *Company Licensing Best Practices Handbook*.

#### **Proprietary Information**

Both regulators and the Applicant Company might deem confidential any communications with insurance regulatory agencies in conjunction with the Primary Application concerning proprietary information about the Applicant Company. States may only share information determined to be confidential with other persons as authorized by law. By law, the state will not disclose to the public any information determined to be proprietary and trade secret. Each The Applicant Company needs to expressly identify all information, in the application and in any subsequent correspondence, that the Applicant Company considers proprietary or trade secret. [BJI]

The Applicant Company should review the <u>state chart information</u>, and <u>FAQs</u> prior to contacting the appropriate state regulators with any questions before filing any <u>electronic</u> application.

#### Step One: Filing An **Electronic** Application

If the state accepts the application for filing, it will <u>assign\_provide a status date as the an</u> official filing date.

If the state does not accept the application for filing due to a deficiency in the application's format, the state will contact notify the Applicant Company. Depending upon the nature of the deficiency, the state may give the Applicant Company two weeks from the date of receipt of notification from the department reviewing the applicationsubmission date to correct the deficiency. Some states may return to the Applicant Company any applications that are deficient and not accepted for filing. The state will provide a "closed" status date for any application that is deficient and not accepted for filing.

#### **Step Two: Application Review**

A Primary Application will undergo a rigorous financial and operational review in the state to which the Applicant Company submitted the application. The purpose of the Primary Application is to streamline application processing and the state will make every effort to process a Primary Application as quickly as possible.

At the conclusion of the substantive review by the reviewing state, the state will grant the Applicant Company a Certificate of Authority as a domestic company, allow the Applicant Company to withdraw the application, or will deny the application. <u>Notification will be done automatically when the state</u> provides the appropriate status date for approval or denial, respectively

The Applicant Company must submit an NAIC Biographical Affidavit on behalf of all officers, directors and key managerial personnel of the Applicant Company and individuals with a ten percent (10%), or more, beneficial ownership in the Applicant Company and the Applicant Company's ultimate controlling person ("Affiant").
- B. The UCAA defines "Independent Third-Party" as:
  - (i) A consumer reporting agency ("CRA") overseen by the Federal Trade Commission ("FTC") and, therefore, subject to the FCRA, which have been vetted and is currently on the approved list;
  - (ii) Has the ability to perform international background investigations; and
  - (iii) One whose officers and directors have no material affiliation with the Applicant Company other than stock ownership amounting to less than one percent (1%) of total stock outstanding, unless prior approval is given by the department of insurance to which application is being made.
- C. The NAIC Biographical Affidavit requests information with respect to the Affiant's employment history, education, personal information and character. The NAIC Biographical Affidavit also includes the Disclosure and Authorization Concerning Background Reports (the "Disclosure & Authorization Form"). The signature of the Affiant on the Disclosure & Authorization Form permits an Independent Third-Party to conduct an independent third-party verification on the Affiant.
- D. The NAIC Biographical Affidavit includes three types of the Disclosure & Authorization Form. There are three different Disclosure & Authorization Forms since certain state laws, regulations and rules require different kinds of disclosures and wording within such form. An Affiant must sign the corresponding Disclosure & Authorization Form(s) for the

- respective state(s) where the Affiant has lived or worked within the last ten (10) years. Refer to the Disclosure & Authorization Forms for further information.
- E. The NAIC Biographical Affidavit is used to evaluate the suitability, competency, character and integrity of the Affiant in connection with an Applicant Company's pending or future application(s) for licensure or a permit to organize with a department of insurance in one or more states.
  - The Independent Third-Party uses information contained in the NAIC Biographical Affidavit as a tool to perform an independent third-party verification to determine an individual's fitness and propriety. The independent third-party verification may contain information bearing on the Affiant's character, general reputation, personal characteristics, mode of living and credit standing (if required by the state). The Independent Third-Party Vendor shall use the independent third-party verification to create a background report (the "Background Report").
- F. The Disclosure & Authorization Form is valid for a maximum of six months. Additionally, an Affiant may revoke the authorization at any time by delivering a written revocation to the Applicant Company. Refer to the Disclosure & Authorization Form for further information.
- G. The Background Reports are subject to the Fair Credit Reporting Act ("FCRA"). Pursuant to FCRA, the state departments of insurance and an Applicant Company who is seeking admission are "users" of consumer reports. The FCRA requires that the Applicant Company provide the Affiant with a copy of the "Summary of Your Rights Under the Fair Credit Reporting Act." The Applicant Company should provide a copy of the "Summary of Your Rights under the Fair Credit Reporting Act" to each Affiant. This summary can be found at the Federal Trade Commission ("FTC") website. Background Reports are valid for six months from the signature date of the affidavit. Any alteration to the original biographical affidavit or updated signature will require a newly prepared background report.
- H. The Applicant Company and state departments of insurance are required to comply with FCRA, especially as it relates to confidentiality of the information contained in such consumer reports. To the extent required by law, the states and Independent Third-Party Vendors should maintain the Background Reports procured under the Disclosure & Authorization Form as confidential. A copy of the FCRA is located <a href="here">here</a>.
- I. The department of insurance in the state where an Applicant Company files, or intends to file, an application and the Applicant Company may require the Background Report. An Affiant who desires a copy of their Background Report may request a copy from the Applicant Company or the CRA as indicated on the Disclosure & Authorization Form. Refer to the Disclosure & Authorization Form for further information.
- J. Please check state requirements for those states that require additional background information, such as fingerprints, in place of, or in addition to, NAIC Biographical Affidavits. If applying in one of those states, necessary <u>fingerprints</u> and <u>processing fees</u> should be included.

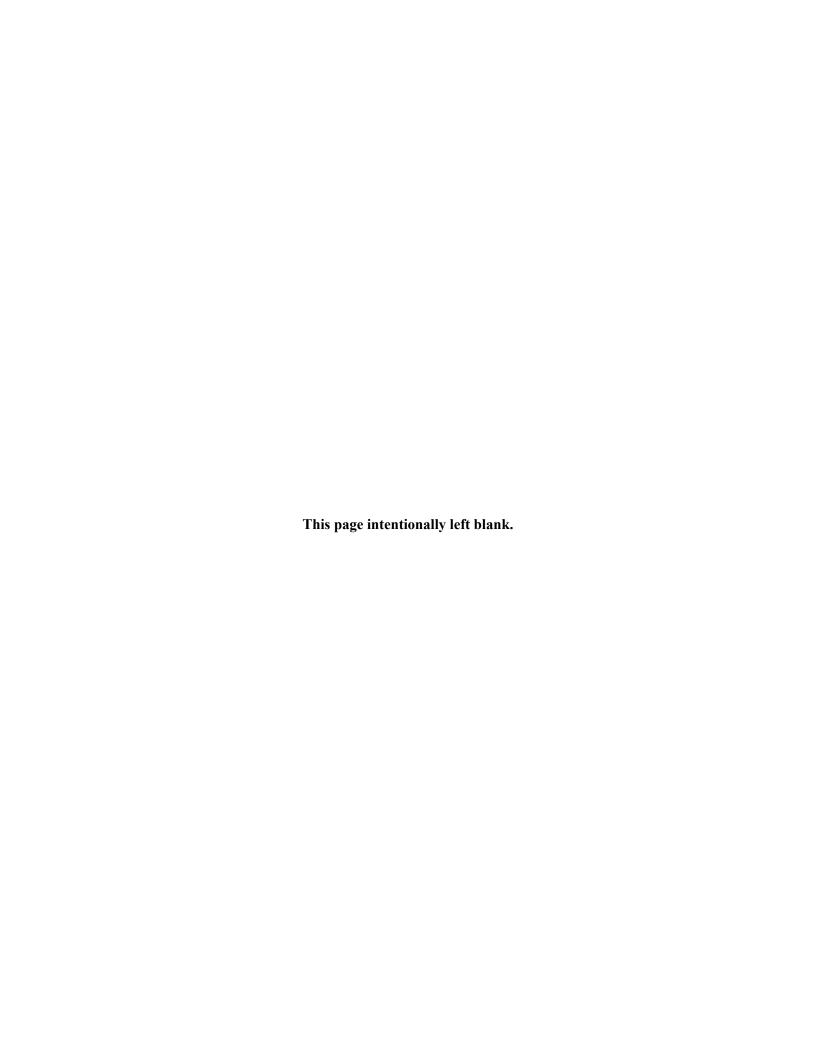

Refer to the list of currently approved Independent Third-Party Vendors for Background Reports.

NAIC Biographical Affidavits must be completed on the most <u>current form</u> [Word | PDF], in effect at the time the affidavit was signed and the Affiant shall not sign the Affidavits more than six months before the date the Applicant Company files the application. Each question on the biographical affidavit must have a response. If an answer is "None", then so state. Incomplete biographical affidavits could delay the background investigation report and result in a delay of the application review by the state.

Submit original Biographical Affidavits (Form 11 [Word | PDF]) that contain the Disclosure & Authorization Forms to the state department(s) of insurance as Item 13 of the application.

### 14. State-Specific Information

Some jurisdictions may have additional requirements before a Certificate of Authority is issued. Before completing a UCAA Primary Application, the Applicant Company should review the list of requirements on the <u>State-Specific Requirements</u> for the application state. Submit state-specific requirements as Item 14 of the application.

- Note 1: A company may only apply for the lines of insurance for which it is authorized in its state of domicile.
- **Note 2:** The company must have transacted business for a minimum of one (1) year prior to seeking admission. If the company was recently acquired, at least one (1) year of operating experience under the new management is required. An affiliated insurer admitted in Pennsylvania and operating under the same ownership/management team for at least one year may satisfy this requirement. If the aforementioned situation applies, a written request for approval of a waiver must be submitted with the application.
- Note 3: The Department of Labor and Industry requires all insurers that are applying to write workers' compensation to complete and file an Initial Report of Accident and Illness Prevention Services. The Insurance Department will not issue a Certificate of Authority to an insurer to write workers' compensation insurance until the Department of Labor and Industry has indicated the company has made the necessary filing as required by the Workers' Compensation Act. The necessary form with instructions can be obtained at: <a href="http://www.insurance.pa.gov/Companies/DoingBusiness/Documents/LIBC\_2111.pdf">http://www.insurance.pa.gov/Companies/DoingBusiness/Documents/LIBC\_2111.pdf</a>.

## **PRIMARY REDOMESTICATION** APPLICATION

The <u>Primary Redomestication</u> Application to the Uniform Certificate of Authority Application (UCAA) is designed for use in the formation of a new insurer, or for an existing insurer to use in making an application to redomesticate to another state. A Uniform State is one that is committed to using the UCAA review process for company licensing and admissions.

The UCAA <u>Primary Redomestication</u> Application has <u>four three</u> sections designed to guide the Applicant Company through the licensing process:

- I. Application Review Process
- II. Filing Requirements (New Insurers and Redomestications)
- III. Filing Requirements (Redomestications Only)
- IV. How to File

The goal of the UCAA is to provide a streamlined approval process. However, some states have <u>state-specific filing requirements</u> based on statutes or internal procedures. The uniform states are working to eliminate non-essential state-specific requirements. All Applicant Companies must be familiar with the insurance laws of the state to which they submit an application. Please see the <u>UCAA charts</u> for information related to obtaining a copy of the laws, regulations and bulletins for the state in which an application is filed.

If the Applicant Company has any questions about the uniform admission process, a list of contact information is provided on the <u>Addresses and Contacts Information for Submission of Application</u> chart. It is highly recommended that the Applicant Company review the <u>state charts</u>, the application instructions and review the <u>Frequently Asked Questions (FAQs)</u> prior to contacting each state with any questions before submitting the application for review.

## **Primary Redomestication Application Section I**

**Application Review Process Processing Goal: 90 Days** 

It is the goal of each Uniform State to process all Primary Redomestication Applications within 90 calendar days with receipt of a complete application. The 90-day review process includes two weeks to determine if the application is complete and acceptable for filing. A completed application includes all required information detailed in the primary redomestication application instructions, any state specific requirements and filing fees. During the remaining time-span, the application will receive a financial and operational review. A state may not achieve the 90-day processing goal in instances where the application requires substantial follow-up, or in states with limited resources, or in instances when the Applicant Company files an application during peak business periods such as year-end and annual statement filing periods. Due to varying levels of resources available in each state the review may take longer than 90 days to complete. Anytime the state requests additional information, the state suspends the 90-day goal until it receives the requested information.

Based on the circumstances of a particular application, it may be necessary for the reviewing state to request additional information. Typically, a state will request any additional information it needs within 30 days after the state accepts the application. For more detail regarding the review process, refer to the *Company Licensing Best Practices Handbook*.

## **Proprietary Information**

Both regulators and the Applicant Company might deem confidential any communications with insurance regulatory agencies in conjunction with the <u>Primary Redomestication</u> Application concerning proprietary information about the Applicant Company. States may only share information determined to be confidential with other persons as authorized by law. By law, the state will not disclose to the public any information determined to be proprietary and trade secret. Each Applicant Company needs to expressly identify all information, in the application and in any subsequent correspondence, that the Applicant Company considers proprietary or trade secret.

The Applicant Company should review the <u>state chart information</u>, and <u>FAQs</u> prior to contacting the appropriate state regulators with any questions before filing any application.

## **Step One: Filing An Application**

The Applicant Company may submit <u>Primary Redomestication</u> Applications anytime during the year. The state immediately reviews <u>Primary Redomestication</u> Applications to ensure that the Applicant Company submitted the application in the required format as outlined in these instructions.

Generally, within two weeks from the date the state receives the application, the state will notify the Applicant Company whether or not the state has accepted the application for filing. If the state accepts the application for filing, it will assign an official filing date.

If the state does not accept the application for filing due to a deficiency in the application's format, the state will contact the Applicant Company. Depending upon the nature of the deficiency, the state may give the Applicant Company two weeks from the date of receipt of notification from the department reviewing the application to correct the deficiency. Some states may return to the Applicant Company any applications that are deficient and not accepted for filing.

# **Step Two: Application Review**

A <u>Primary Redomestication</u> Application will undergo a rigorous financial and operational review in the state to which the Applicant Company submitted the application. The purpose of the <u>Primary Redomestication</u> Application is to streamline application processing and the state will make every effort to process a <u>Primary Redomestication</u> Application as quickly as possible.

At the conclusion of the substantive review by the reviewing state, the state will grant the Applicant Company a Certificate of Authority or Amend its current Certificate of Authority as a domestic company, allow the Applicant Company to withdraw the application, or will deny the application.

If the application is denied, the state will notify the Applicant Company and provide a detailed explanation for the denial. After the denial, if the Applicant Company wishes to re-file a <u>Primary Redomestication</u> Application, the state will require a new application and filing fee.

If the application is approved and a Certificate of Authority is granted or reissued, the Applicant Company should complete the Company Code Application form or contact the NAIC of its change in domiciliary state. The form can be submitted via email, fax or mail.

# **Primary Redomestication** Application Section II

Filing Requirements (New Insurers and Redomestications)

This section provides a guide to understanding the focus of each document of the <u>Primary</u> <u>Redomestication</u> Application. It is important that applications be complete.

All documents submitted in support of the application must be current. However, in certain instances, some states have limited latitude to accept older documents, although generally no more than five (5) years old. Please <u>contact the states individually</u> if there are questions about a specific document.

All forms and instructions required for to complete the Primary Redomestication Application are available under the Primary Redomestication Application tab. The Applicant Company can access the electronic Redomestication for download these documents for printing and submission. The Primary Application cannot be filed electronically via the NAIC/UCAA portal. It must be file directly with the state of domicile. Please contact the state for instructions on the preferred method/format for filing. A redomestication is the process whereby any insurer organized under the laws of any state may become a domestic insurer that transfers its domicile to another state by merger or consolidation or any other lawful method. The Applicant Company files the Primary Application with the Applicant Company's new state of domicile when used for a redomestication.

## 13. NAIC Biographical Affidavit (Biographical Affidavit)

- A. The Applicant Company is required to submit an NAIC Biographical Affidavit (Form 11) in connection with pending or future application(s) for licensure or a permit to organize with a department of insurance in one or more states. The Applicant Company must submit attach an NAIC Biographical Affidavit on behalf of all officers, directors and key managerial personnel of the Applicant Company and individuals with a ten percent (10%), or more, beneficial ownership in the Applicant Company and the Applicant Company's ultimate controlling person ("Affiant").
- B. The UCAA defines "Independent Third-Party" as:
  - (i) A consumer reporting agency ("CRA") overseen by the Federal Trade Commission ("FTC") and, therefore, subject to the FCRA, which have been vetted and is currently on the approved list;
  - (ii) Has the ability to perform international background investigations; and
  - (iii) One whose officers and directors have no material affiliation with the Applicant Company other than stock ownership amounting to less than one percent (1%) of total stock outstanding, unless prior approval is given by the department of insurance to which application is being made.
- C. The NAIC Biographical Affidavit requests information with respect to the Affiant's employment history, education, personal information and character. The NAIC Biographical Affidavit also includes the Disclosure and Authorization Concerning Background Reports (the "Disclosure & Authorization Form"). The signature of the Affiant on the Disclosure & Authorization Form permits an Independent Third-Party to conduct an independent third-party verification on the Affiant.
- D. The NAIC Biographical Affidavit includes three types of the Disclosure & Authorization Form. There are three different Disclosure & Authorization Forms since certain state laws, regulations and rules require different kinds of disclosures and wording within such

form. An Affiant must sign the corresponding Disclosure & Authorization Form(s) for the respective state(s) where the Affiant has lived or worked within the last ten (10) years. Refer to the Disclosure & Authorization Forms for further information.

E. The NAIC Biographical Affidavit is used to evaluate the suitability, competency, character and integrity of the Affiant in connection with an Applicant Company's pending or future application(s) for licensure or a permit to organize with a department of insurance in one or more states.

The Independent Third-Party uses information contained in the NAIC Biographical Affidavit as a tool to perform an independent third-party verification to determine an individual's fitness and propriety. The independent third-party verification may contain information bearing on the Affiant's character, general reputation, personal characteristics, mode of living and credit standing (if required by the state). The Independent Third-Party Vendor shall use the independent third-party verification to create a background report (the "Background Report").

- F. The Disclosure & Authorization Form is valid for a maximum of six months. Additionally, an Affiant may revoke the authorization at any time by delivering a written revocation to the Applicant Company. Refer to the Disclosure & Authorization Form for further information.
- G. The Background Reports are subject to the Fair Credit Reporting Act ("FCRA"). Pursuant to FCRA, the state departments of insurance and an Applicant Company who is seeking admission are "users" of consumer reports. The FCRA requires that the Applicant Company provide the Affiant with a copy of the "Summary of Your Rights Under the Fair Credit Reporting Act." The Applicant Company should provide a copy of the "Summary of Your Rights under the Fair Credit Reporting Act" to each Affiant. This summary can be found at the Federal Trade Commission ("FTC") website. Background Reports are valid for six months from the signature date of the affidavit. Any alteration to the original biographical affidavit or updated signature will require a newly prepared background report.
- H. The Applicant Company and state departments of insurance are required to comply with FCRA, especially as it relates to confidentiality of the information contained in such consumer reports.
