
MEMORANDUM

TO: Market Analysis Procedures (D) Working Group
FROM: Pet Insurance (C) Working Group
DATE: December 1, 2021
RE: Collection of MCAS Data for Pet Insurance

The Pet Insurance (C) Working Group and state insurance regulators have a need to understand the market for the pet insurance line of business, including information related to number of policies, claims handling and other market behavior.

Market related data for pet insurance is not currently collected through the Market Conduct Annual Statement (MCAS). The Working Group requests that the Market Analysis Procedures (D) Working group consider developing a data collection worksheet and instructions for the purpose of collecting pet insurance data through MCAS.
