Hello Jolie,

While ACAP does not have formal comments/suggestions, we do think it would be worth having a discussion about including a section on reporting requirements, as most states have little knowledge of just how many people are enrolled in STLDI plans. Might it be possible to add that in somewhere? What would you need from us in order to suggest something like that?

Thank you,
Heather

Subject: Accident and Sickness Insurance Minimum Standards Subgroup - Request for Comment on NAIC Staff Draft - June 28, 2019

To Accident and Sickness Insurance Minimum Standards (B) Subgroup members and interested regulators and Health Reform Implementation interested regulators and interested parties:

During its just concluded conference call, the Accident and Sickness Insurance Minimum Standards (B) Subgroup decided to use the NAIC staff draft revisions to *the Model Regulation to Implement the Accident and Sickness Insurance Minimum Standards Model Act (#171)* as a framework to start from in its work to revise the model. The Subgroup established a public comment period ending **June 28, 2019** to receive comments on the draft. Anyone having any comments on the draft should submit those comments to me, Jolie Matthews, by email only to jmatthews@naic.org, by the June 28 public comment deadline.

Also, during its call, The Subgroup decided to approach discussing and considering revisions to

the model using a section-by-section approach. The Subgroup will begin its discussion of revisions and the comments received by the June 28 public comment deadline during its next conference call July 8. As the date for the July 8 conference call gets closer, I will send an agenda and re-send the conference call information for that call.

If you have any questions, please do not hesitate to contact me.

Thanks,

Jolie
