IDENTIFICATION OF ITEM(S) TO CHANGE

Add questions to the General Interrogatories, Part 1 regarding depository institution holding companies as it pertains to the group capital calculation. Additionally, modify the terminology in the first two questions for consistency with the new questions, which has been modified to consider that many insurers that are part of a depository institution holding company are savings and loan holding companies, which is picked up with the broader terminology compared to the more specific term of bank holding company.

REASON, JUSTIFICATION FOR AND/OR BENEFIT OF CHANGE**

To assist state regulators in identifying depository institution holding companies significantly engaged in insurance activities that would be subject to the Federal Reserve’s Building Block Approach to group capital, thereby prompting the communication necessary to exempt the holding company from the group capital calculation.
