IDENTIFICATION OF ITEM(S) TO CHANGE

This item proposes new reporting requirements for investment transactions with related parties. In addition to capturing direct
loans in related parties, it will also capture information involving securitizations (or other similar investments) where the
related party is a sponsor / originator along with whether the underlying investment is in a related party.

REASON, JUSTIFICATION FOR AND/OR BENEFIT OF CHANGE**

Pursuant to recent discussions, regulators desire additional information on investment transactions involving related parties,
regardless of whether the related party is “affiliated” pursuant to Model #440. To preserve the affiliate definition and
reporting categories for affiliated investments, these additional proposed reporting elements will be captured outside of the
current affiliate reporting requirements. The new electronic columns will capture investments issued by a related party or
acquired through a related party transaction or arrangement, regardless if the specific affiliate definition has been met or if
there has been a disclaimer of affiliation / control.

Column 27 – Investments Involving Related Parties

Required for all investments involving related parties including, but not limited to, those captured as affiliate investments. This disclosure intends to capture information on investments held that reflect interactions involving related parties, regardless of whether the related party meets the affiliate definition, or the reporting entity has received domiciliary state approval to disclaim control/affiliation.

Enter one of the following codes to identify the role of the related party in the investment.

1. Direct loan or direct investment (excluding securitizations) in a related party, for which the related party represents a direct credit exposure.
2. Securitization or similar investment vehicles such as mutual funds, limited partnerships and limited liability companies involving a relationship with a related party as sponsor, originator, manager, servicer, or other similar influential role and for which 50% or more of the underlying collateral represents investments in or direct credit exposure to related parties.
3. Securitization or similar investment vehicles such as mutual funds, limited partnerships and limited liability companies involving a relationship with a related party as sponsor, originator, manager, servicer or other similar influential role and for which less than 50% (including 0%) of the underlying collateral represents investments in or direct credit exposure to related parties.
4. Securitization or similar investment vehicles such as mutual funds, limited partnerships and limited liability companies in which the structure reflects an in-substance related party transaction but does not involve a relationship with a related party as sponsor, originator, manager, servicer or other similar influential role.
5. The investment is identified as related party, but the role of the related party represents a different arrangement than the options provided in choices 1-4.
6. The investment does not involve a related party.

General Interrogatories:

1. The total activity for the year represents the net increase (decrease) from the prior year-end to the current year-end.

2. The average balance for the year is the average daily balance.

   Average daily balance: Total of daily balances divided by the number of days. Always calculate based on a 365/366 day year. If data is missing for a given date (e.g., weekend, holiday), count the previous day’s value multiple times. The actual day count for the year (365/366) would serve as the denominator in the average calculation.

** Columns 11 through 15 will be electronic only. **

Column 15 – ISIN Identification

The International Securities Identification Numbering (ISIN) system is an international standard set up by the International Organization for Standardization (ISO). It is used for numbering specific securities, such as stocks, bonds, options and futures. ISIN numbers are administered by a National Numbering Agency (NNA) in each of their respective countries, and they work just like serial numbers for those securities. Record the ISIN number only if no valid CUSIP, CINS or PPN exists to report in Column 1.

Column 16 – Investments Involving Related Parties

Required for all investments involving related parties including, but not limited to, those captured as affiliate investments. This disclosure intends to capture information on investments held that reflect interactions involving related parties, regardless of whether the related party meets the affiliate definition, or the reporting entity has received domiciliary state approval to disclaim control/affiliation.

Enter one of the following codes to identify the role of the related party in the investment.

1. Direct loan or direct investment (excluding securitizations) in a related party, for which the related party represents a direct credit exposure.

2. Securitization or similar investment vehicles such as mutual funds, limited partnerships and limited liability companies involving a relationship with a related party as sponsor, originator, manager, servicer, or other similar influential role and for which 50% or more of the underlying collateral represents investments in or direct credit exposure to related parties.

3. Securitization or similar investment vehicles such as mutual funds, limited partnerships and limited liability companies involving a relationship with a related party as sponsor, originator, manager, servicer or other similar influential role and for which less than 50% (including 0%) of the underlying collateral represents investments in or direct credit exposure to related parties.

4. Securitization or similar investment vehicles such as mutual funds, limited partnerships and limited liability companies in which the structure reflects an in-substance related party transaction but does not involve a relationship with a related party as sponsor, originator, manager, servicer or other similar influential role.

5. The investment is identified as related party, but the role of the related party represents a different arrangement than the options provided in choices 1-4.

6. The investment does not involve a related party.

- Cash (Schedule E, Part 1 type) .......................................................... 9609999999
- Other Assets .................................................................................. 9809999999

General Interrogatories:

1. The total activity for the year to date represents the net increase (decrease) from the prior year-end to the current statement date.

2. The average balance for the year to date is the average daily balance.

   Average daily balance: Total of daily balances divided by the number of days that have passed in the year as of the reporting date. If data is missing for a given date (e.g., weekend, holiday), count the previous day’s value multiple times. The actual day count for the year to date would serve as the denominator in the average calculation.
