

312. **RT** is reported for the security component of a Regulatory Transaction for which:
- A state insurance department did not request assistance from the SVO in assessing the credit quality of the security component of the Regulatory Transaction; or
  - The department requested the assistance of the SVO but the SVO determined the security component of the Regulatory Transaction was not an Investment Security if engaged in on a stand-alone basis; or
  - The SVO was unable to provide an SVO Analytical Value for the security component of the Regulatory Transaction.

For the security component of Regulatory Transactions within the RT reporting paradigm, the reporting entity always self-assigns and reports the SVO Analytical Value 6; e.g., 6 RT.

### Annual Updates and Material Changes

313. SVO or SSG determinations of an SVO Analytic Value are only applicable for the calendar year of the request and do not represent a permanent assessment of the risk of the Regulatory Transaction. The SVO Analytic Value will be withdrawn by the SVO the calendar year after it was requested, consistent with all other Initial and Annual assessments of investment risk in this Manual. In the absence of an updated assessment, the insurance company, with the insurance department's approval, will need to self-assign and report the SVO Analytical Value 6; e.g., 6 RT.
314. If the insurance company and/or insurance department requests an updated SVO Analytic Value for a subsequent calendar year, the SVO or SSG will reassess the Regulatory Transaction consistent with other Annual assessments of investment risk in this Manual. The insurer is expected to provide the necessary information to the SVO or SSG for its review. Any missing information will be requested by the SVO or SSG and expected to be provided promptly by the insurance company consistent with the Informational Deficiencies instructions in this Manual. At the completion of its assessment the SVO or SSG will inform the insurance company and insurance department of the updated SVO Analytic Value.
315. If the insurer becomes aware of a material change to the Regulatory Transaction at any time, it is the responsibility of the insurance company to provide the SVO or SSG with the necessary information to update the SVO Analytic Value assessment to reflect the change consistent with the Material Credit Events Filing instructions in this manual.
