K. Surplus Notes

For each surplus debenture or similar obligation, except those surplus notes required or those that are a prerequisite for purchasing an insurance policy and are held by the policyholder, furnish the following information:

- Date issued
- Description and fair value of the assets received
- ~~Holder of the note or, if public, the names of the underwriter and trustee with identification on whether the holder of the surplus note is a related party per SSAP No. 25~~
- Original issue amount of note
- Carrying value of note (current year and prior year)
- The rate at which interest accrues
- Maturity dates or repayment schedules, if stated
- Unapproved interest and/or principal
- Approved interest recognized and principal paid current year and life-to-date
- Percentage of interest payments offset through administrative offsetting (not inclusive of amounts paid to a 3rd party liquidity provider). I.E., if \$100 in interest was recognized through the year, \$10 of which was remitted to a 3rd party liquidity provider and the remainder \$90 was offset, the reporting entity shall report 100% as offset.
- Disclosure of whether the surplus note was issued as part of a transaction with any of the following attributes:
 - ❖ Do surplus note/associated asset terms negate or reduce cash flow exchanges, and/or are amounts payable under surplus note and amounts receivable under other agreements contractually linked (For example, the asset provides interest payments only when the surplus note provides interest payments).
 - ❖ Are any amounts due under surplus notes and associated assets netted or offset (partially or in full) thus eliminating or reducing the exchange of cash or assets that would normally occur throughout the duration, or at maturity, of the agreement (This may be referred to as administrative offsetting.)
 - ❖ Were the proceeds from the issuance of a surplus note used to purchase an asset directly or indirectly from the holder of the surplus note.
- Principal amount value of assets received upon Surplus Note issuance, if applicable.
- Subordination terms
- Liquidation preference to the reporting entity's common and preferred shareholders
- The repayment conditions and restrictions

- Information about any guarantees, support agreements, or related party transactions associated with the surplus note issuance, and whether payments have been made under such agreements.

If a reporting entity has ceded business to a surplus note issuer that is a related party as part of a reinsurance transaction in which the surplus note meets any of the criteria above, the ceding entity shall provide a description of the transaction, including whether the criteria above were met with respect to the surplus note issuance, as long as the reinsurance agreement remains in force.

The ceding entity should provide a description of the risks reinsured, the related party reinsurer, any guarantees or support agreements and the amount of notes outstanding.

- If the proceeds from the issuance of a surplus note used to purchase an asset directly or indirectly from the holder of the surplus note, the following information shall be disclosed regarding the assets received:
 - ❖ Identification of asset, including the investment schedule where the asset is reported and reported NAIC designation;
 - ❖ Book/adjusted carrying value of asset as of the current reporting date.
 - ❖ A description of terms under which liquidity would be provided should a triggering event occur.
- In addition to the above, a reporting entity shall identify all related parties and affiliates that hold any portion of a surplus debenture or similar obligation (including an offering registered under the Securities Act of 1933 or distributed pursuant to Rule 144A under the Securities Act of 1933), ~~and any holder of 10% or more of the outstanding amount of any surplus note registered under the Securities Act of 1933 or distributed pursuant to Rule 144A under the Securities Act of 1933.~~

NOTE: For the table illustrated for the disclosures above provide an “Item Number” (4 digits) to identify each surplus note being disclosed and should remain the same between years.
