Section 1. Application

The purpose of this guideline is to establish standards for state fraud bureaus, insurance company special investigation unit (SIU)s and any other interested parties regarding the preparation of an Antifraud Plan that meets the mandated requirements for submitting a plan with a state Department of Insurance. ~~Currently, twenty states require that fraud plans be prepared for inspection by the state Departments of Insurance~~The concept of mandating the submission of an insurer fraud plan was developed to encourage those insurers with direct written premiums to fight insurance fraud proactively by drafting a plan to fight fraud. This plan, along with audits, inspections, or in conjunction with a  conduct examinations, ensure the insurer is following its submitted antifraud plan.

These guidelines are primarily intended for state fraud bureaus as a guide in the preparation of new antifraud plan legislation, revision of existing mandated antifraud plans and for insurer SIUs in the preparation of its antifraud plans. ~~The intention of this guideline is to collate the current twenty states' antifraud plan requirements into a guide for those states researching what should go into a plan.~~ Most national fraud fighting agencies believe it is a good practice for all insurers, whether it is state mandated or not, to develop an internal insurance antifraud plan. Flexibility should be allowed for each insurer to develop a plan that meets its individual needs and still meets state compliance standards.

This guideline does not preempt other state laws. This guideline is not intended to preempt or amend any guidance previously published by the NAIC Antifraud Task Force or in the NAIC Fraud Prevention Law Model Act. This document is intended to provide a road map for state fraud bureaus, insurers' SIUs or contracted SIU vendors for preparation of an antifraud plan.
