1. If you are a PROVIDER filing for approval from the Home State:
   1.1 Complete all the fields in the “Provider Information” section except “Reciprocal State” and the adjacent “Provider #” fields.
   1.2 Complete the Course Information Section.
   1.3 In the “Credit Hours Requested and Course/Hours Decision” section, complete the “Hrs. Requested by Provider” columns, detailing in the respective columns the number of hours for sales – and marketing-related instruction and the number of hours for other insurance-related instruction. Please note the following:
   1.3.1 When using this application, which is governed by the NAIC CE Reciprocity Agreement in conjunction with ‘states’ laws, only whole numbers of credit hours will be approved – partial hours will be eliminated.
   1.3.2 States that approve sales/marketing topics will consider the hours in the “sales/Mktg” column and the hours in the “Insurance” column when deciding the number of hours to approve. States that do not permit sales/marketing topics as part of continuing education credit hours will only consider the hours shown in the “Insurance” column when making their credit-hour approval decisions.
   1.3.3 Contact the individual state to determine whether there are any state specific requirements for submitting courses.
   1.4 Submit the application form along with required course materials, a detailed course outline, instructor information, if required, and the required course application fee.

If this is a National Course *, the Providers will be allowed to submit an agenda that must include date, time, each topic and event location in lieu of a detailed course outline.
   2.4 Subsequent national course offerings should only be reported for events that are conducted in the “home” state.

* National Course is defined as an approved program of instruction in insurance related topics, offered by an approved provider, and leads to a national professional designation or is a course offered to individuals who must update their designation once it is earned.
