Summary of Findings and Determination

Japan:
Financial Services Agency (FSA)

Re-Evaluation of Qualified Jurisdiction

Approved By:

Qualified Jurisdiction (E) Working Group October 7, 2019
Reinsurance (E) Task Force December 8, 2019
Executive (EX) Committee and Plenary December 10, 2019
I. Re-Evaluation of Financial Services Agency of Japan

The Qualified Jurisdiction (E) Working Group of the National Association of Insurance Commissioners (NAIC) has completed this Summary of Findings and Determination with respect to its re-evaluation of the Financial Services Agency (FSA), the lead insurance regulatory supervisor for Japan. It is the recommendation of the Working Group that the NAIC re-approve the FSA as a Qualified Jurisdiction and continue its designation on the NAIC List of Qualified Jurisdictions, to be effective as of January 1, 2020. Further, the Working Group recommends that California continue to be the Lead State for purposes of regulatory cooperation and information sharing with the FSA. These recommendations are based on the following analysis.

II. Procedural History

The NAIC adopted the Process for Developing and Maintaining the NAIC List of Qualified Jurisdictions (Qualified Jurisdiction Process) on August 27, 2013 (which was further amended on August 19, 2014). The 2011 revisions to the Credit for Reinsurance Model Law (#785) and Credit for Reinsurance Model Regulation (#786) (collectively, the “Credit for Reinsurance Models”) require an assuming insurer to be licensed and domiciled in a Qualified Jurisdiction in order to be eligible for certification by a state as a certified reinsurer for reinsurance collateral reduction purposes.¹

On December 16, 2014, the NAIC Executive (EX) Committee and Plenary approved the FSA as a Qualified Jurisdiction and placed it on the NAIC List of Qualified Jurisdictions, to be effective as of January 1, 2015. This designation as a Qualified Jurisdiction was to be valid for five years (absent a material change in circumstances) ending on December 31, 2019, after which the FSA would be re-evaluated under the provisions of the Qualified Jurisdiction Process. Specifically, paragraph III(12)(c) of the Qualified Jurisdiction Process currently provides, as follows:

Once approved, a Qualified Jurisdiction is subject to a re-evaluation every five years. The Periodic Evaluation may follow a similar process as that set forth above, or such abbreviated process as the Qualified Jurisdiction Working Group may deem appropriate. [Emphasis added].

The Working Group has determined that it would follow such an abbreviated process in its re-evaluations of the jurisdictions currently on the NAIC List of Qualified Jurisdictions. The Working Group met in regulator-to-regulator session on October 7, 2019, and heard a presentation by NAIC staff

¹ The Credit for Reinsurance Models were further revised on June 25, 2019, to recognize a new designation of “Reciprocal Jurisdiction” under which certain reinsurers licensed and domiciled in Reciprocal Jurisdictions are not required to post reinsurance collateral. A Qualified Jurisdiction which meets certain additional requirements described in the Credit for Reinsurance Models may be determined to be a Reciprocal Jurisdiction under a separate evaluation by the Working Group.
on whether the FSA should be re-approved as a Qualified Jurisdiction. The Working Group considered the following information with respect to the re-evaluation of the FSA:

6. *Summary of Findings and Determination Japan: Financial Services Agency (FSA) approved by NAIC Executive (EX) Committee and Plenary on December 16, 2014.*

7. *NAIC Staff Workpapers on Initial Review and Findings dated September 30, 2014 (Confidential).*

### III. Standard of Review

The standard for qualification of a jurisdiction is that the NAIC must reasonably conclude that the jurisdiction’s reinsurance supervisory system achieves a level of effectiveness in financial solvency regulation that is deemed acceptable for purposes of reinsurance collateral reduction. In addition, the jurisdiction’s demonstrated practices and procedures with respect to reinsurance supervision are consistent with its reinsurance supervisory system and the jurisdiction’s laws and practices satisfy the criteria required of Qualified Jurisdictions as set forth in the Credit for Reinsurance Models.

This same standard was deemed appropriate by the Working Group with respect to the re-evaluation of a Qualified Jurisdiction under the abbreviated process. Specifically, the Working Group determined that it would be appropriate to review a jurisdiction’s most recent IMF report prepared under its Financial Sector Assessment Program (FSAP), and any other documentation that the Working Group would consider to be relevant to this determination. In addition, the Working Group would consider its past experience in working with the Qualified Jurisdiction and any certified reinsurers domiciled in the Qualified Jurisdiction.

### IV. Summary of Findings and Recommendation

Upon review of the available information, the Working Group has reached the conclusion that the JSA’s reinsurance supervisory system continues to achieve a level of effectiveness in financial solvency
regulation that is acceptable for purposes of reinsurance collateral reduction, that the JSA’s demonstrated practices and procedures with respect to reinsurance supervision continue to be consistent with its reinsurance supervisory system, and that its laws and practices satisfy the criteria required of Qualified Jurisdictions as set forth in the Credit for Reinsurance Models.

Therefore, it is the recommendation of the Working Group that the NAIC continue to recognize the JSA as a Qualified Jurisdiction and place it on the *NAIC List of Qualified Jurisdictions*, with such re-evaluation to be effective as of January 1, 2020.
