RE: LPI – Reporting of Cancellations, alternate proposal

Hi Hal,

As discussed on the call, this is language for discussion purposes and not an official proposal from Rhode Island. Committee members are of course free to use this language as an alternative to CEJ's additional proposed language regarding Coverage Renewed:

This would be an additional line to the definition of Term of Coverage Completed, in order to clarify the reporting for new policies/certificates:

[\[Note: Following a Term of Coverage Completed, a reissue/renewal should be reported as a new policy or certificate issued.\]](#)
