

Draft: 09/23/19

Adopted by the Executive (EX) Committee and Plenary, Dec. __, 2019

Adopted by the Property and Casualty (C) Committee, Dec. __, 2019

Adopted by the Workers' Compensation (C) Task Force, Nov. __, 2019

2020 Proposed Charges

WORKERS' COMPENSATION (C) TASK FORCE

The mission of the Workers' Compensation (C) Task Force is to: study the nature and effectiveness of state approaches to workers' compensation and related issues, including, but not limited to: assigned risk plans; safety in the workplace; treatment of investment income in rating; occupational disease; cost containment; and the relevance of adopted NAIC model laws, regulations and/or guidelines pertaining to workers' compensation.

Ongoing Support of NAIC Programs, Products or Services

1. The **Workers' Compensation (C) Task Force** will:
 - A. Oversee activities of the NAIC/IAIABC (C) Working Group.
 - B. Discuss issues with respect to advisory organizations and insurance companies in the workers' compensation arena.
 - C. Monitor the movement of business from the standard markets to the assigned risk pools. Alert state insurance department representatives if growth of assigned risk pools changes dramatically.
 - D. Follow workers' compensation issues regarding cannabis in coordination with the Cannabis (C) Working Group.
2. The **NAIC/IAIABC Joint (C) Working Group of the Workers' Compensation (C) Task Force** will:
 - A. Study issues of mutual concern to insurance regulators and the International Association of Industrial Accident Boards and Commissions (IAIABC). Review relevant IAIABC model laws and white papers and consider possible charges in the light of the Working Group's recommendations.
 - B. Complete the whitepaper, *Changing Employment Relationships* – Completion date anticipated in early 2020.

NAIC Staff Support: Sara Robben/Aaron Brandenburg
