#### RETIREMENT RISK REPORTS

The Society of Actuaries (SOA) recently published several new retirement risk research reports.

All reports are available at: http://www.soa.org/research/research-projects/pension/research-post-retirement-needs-and-risks.aspx

### The 2013 Risk and Process of Retirement Survey,

in cooperation with Mathew Greenwald & Associates and EBRI, reports the results of this 2013 survey of retirees and pre-retirees. The survey explores retirees' and pre-retirees' awareness of retirement risk issues and strategies for dealing with them. The full report is now available. Previous reports in the series can also be found on the same Web page.

Managing Retirement Decisions is a landmark effort examining the major decisions encountered in retirement. Drawing upon the expertise of prominent retirement professionals, the result is a thought-provoking series of 11 issue briefs written in everyday language. The briefs tackle a variety of retirement decisions with practical considerations and advice.

# SHORT REPORTS FOCUSING ON SPECIFIC RETIREMENT RISK ISSUES

A set of reports highlighting key findings from the 2013 Risk and Process of Retirement Survey was produced in conjunction with the survey.

Understanding and Managing the Risks of Retirement explores what retirees and pre-retirees understand about various retirement risks and risk management strategies. Risks considered include investment, inflation, health care and longevity.

**The Personal Risk Management Report** examines retirement risk issues related to personal risk management.

Impact of Retirement Risk on Women examines retirement risk issues of special interest to women.

**The Phases of Retirement Report** focuses on what happens during retirement, starting with the time of retirement.

### **RETIREMENT DECISION FOCUS GROUPS**

The Decision to Retire and Post-Retirement Financial Strategies: A Report on Eight Focus Groups summarizes a series of focus groups that probed on the decision process to retire and views on managing assets after retirement. The study was designed specifically to examine those who were not forced to retire due to ill health or disability. The groups were conducted by Mathew Greenwald and Associates.

#### DC PLAN DESIGN

Foundations in Research for Regulatory Guidelines on the Design and Operation of Retirement Income Solutions in DC Plans is intended to inform plan sponsors on options to better meet the retirement security needs of workers who do not participate in defined benefit plans. The report was authored by Steve Vernon of the Stanford Center on Longevity.

## ADVICE AND DECISION MAKING IN RETIREMENT

Models of Financial Advice for Retirement Plans; Considerations for Plan Sponsors provides a comprehensive overview of the professional advice industry. It includes considerations for plan sponsors regarding financial advice.
