** This section must be completed on all forms.

Revised 6/13/2009

IDENTIFICATION OF ITEM(S) TO CHANGE

1. Add a new “**PL**” and “**PLGI**” symbols to the reporting instructions to identify securities subject to a private letter rating (referred to as PL securities).
2. (a) Add two new symbols – a “**YE**” symbol and an “**IF**” symbol to be used as part of a new “carry-over” administrative procedure of the SVO.

(b) Modify definitions of the symbol “**Z**” if any definitions exist and define as an indicator that a security is in transition from one reporting status to another.
3. Develop a new General Interrogatory for PL securities issued prior to January 1, 2018.
4. Rename the “NAIC Designation” and “NAIC Designation/Market Indicator” columns to “NAIC Designation and Administrative Symbol” for Schedule BA, D and DL.
5. Remove designation matrices from instructions and replace with list of administrative symbols valid for use on Schedules BA and D.
6. Remove the reference to “Life and Fraternal Only” in the General Instructions for Schedule BA regarding investments that have the underlying characteristics of bonds or fixed instruments. Also remove the reference from the instructions for Schedule BA regarding the CUSIP and NAIC Designation Column.
7. Eliminate the use of “P” and “RP” with the designation and add specific line categories for perpetual preferred and redeemable preferred stock.
8. Remove the “Market Indicator” column from Schedule D, Section 2 for common stocks and renumber remaining columns on the schedule.

REASON, JUSTIFICATION FOR AND/OR BENEFIT OF CHANGE**

1. “**PL**” is a corollary to the “**FE**” symbol. Whereas **FE** applies to securities that have been assigned a public rating (i.e., one distributed on publicly available electronic data feeds provided by the NAIC CRP); credit ratings for PL securities are distributed in letters given to the issuer by the credit rating provider under a non-disclosure agreement and not distributed in publicly available electronic data feeds. In June 2004 the Task Force elected not to regulate PL securities but it reversed this position on November 13, 2017 when the Task Force adopted a verification procedure to be administered by the SVO. Under the verification procedure, insurance companies that own PL securities must verify to the SVO the credit rating assigned to the security by an NAIC CRP. If the SVO confirms the credit rating assigned to the PL security it publishes a corresponding NAIC Designation for the security in AVS Plus. If the insurer cannot verify that the PL security has been assigned a credit rating by an NAIC CRP, the insurer may file the security with the SVO or report the security on the 5*GI.
2. The requested **General Interrogatory** would be used as part of the verification procedure for PL securities discussed above. The Task Force determined that it was necessary to provide an additional mechanism to verify the credit ratings of PL securities issued prior to January 1, 2018 because it would not be possible for insurers to cause the NAIC CRPs to modify the documentation for this population of PL securities to revise existing confidentiality provisions. The Task Force determined that instead, PL securities issued **prior** to January 1, 2018 could be reported on a General Interrogatory to include a certification by the insurer stating that they were not permitted to share the credit rating of the PL security with the SVO.

The certification would provide that the insurer certifies the securities reported on the PL General Interrogatory was purchased prior to January 1, 2018; that the insurer is holding capital commensurate with the NAIC Designation reported for the security and that the NAIC Designation was derived from the credit rating assigned by an NAIC CRP in its legal capacity as a NRSRO which is shown on a current private letter rating held by the insurer and available for examination by state insurance regulators; and that the insurer is not permitted to share this credit rating of the PL security with the SVO.

It is the expectation of the Task Force that the existing block of PL securities should not grow and would in fact decrease over time.

3. The new symbols “**YE**” and “**IF**” will be used in a new “carry-over” administrative procedure. Under the carryover procedure, at or near year-end, the SVO would identify properly filed securities that SVO will be unable to designate by year-end due to workload constraints. SVO would mark these securities by assigning one of the two new symbols that would then be distributed through AVS Plus.

The new symbol “**YE**” would be assigned to annual updates securities (those already designated by the SVO and re-filed by an insurer for an annual review). The SVO would extend the existing designations for the **YE** annual update population of securities into the next year.

The new symbol “**IF**” would be assigned to initial filings (securities filed with the SVO for the first time). Insurance companies that own securities assigned the “**IF**” symbol would self-assign an NAIC Designation to such securities. Self-designation under **IF** indicates a security awaiting analysis by the SVO.

The carry-over procedure replaces the use of the “**Z**” symbol to permit insurers to self-designate securities the SVO did not designate by year-end.

The SVO would prioritize securities assigned “**YE**” and “**IF**” in the new-year, removing the above symbol as it completes a new analysis for the securities in both populations.

The symbol “**Z**” was also modified to serve as an indicator that a security is in transition from one reporting status to another. This concept of a change in reporting status applies to new securities not yet filed with the SVO under the 120 day rule but would also encompass, for example, a security that was filing exempt (FE) but that is no longer rated by an NAIC CRP and must be filed with the SVO for an NAIC Designation.

4. The Administrative Symbols A, J, K,L, U and V, which identified the manner or source of a Unit Price assigned by the SVO are no longer necessary and can be deleted. Sufficient time has passed for insurers to transition to the valuation rules published in Part Five, Section 1 of the P&P Manual. These rules permit insurers to use one of five valuation sources provided the source is identified.
5. The Administrative Symbols P and RP (called Valuation Indicators), used to distinguish between Perpetual and Redeemable Preferred Stock, should be discontinued and replaced with an instruction for amount of such securities to be aggregated on a specified line. The suggested approach would continue to fulfill the same regulatory objectives.
6. The Administrative Symbol F as applied to valuation should be removed as it is no longer necessary given the valuation process and symbols discussed in Part Five, Section 1 of the P&P Manual. However, some insurance companies have reported that the symbol F has become associated with sub-paragraph D companies and should be retained for insurer self-designation as discussed in Part Three, Section 1 (a) (ii) C 3.
7. Matrices should be replaced with a chart that identifies the symbols that convey credit determinations (NAIC Designations) and those that convey information about processes with a short definition of what they mean. NAIC staff can supplement these with instructions on NAIC web-sites which may include matrices.

=====**Detail Eliminated To Conserve Space**=====

Fixed or Variable Interest Rate Investments that Have the Underlying Characteristics of a Bond, Mortgage Loan or Other Fixed Income Instrument

Include: Fixed income instruments that are not corporate or governmental unit obligations (Schedule D) or secured by real property (Schedule B).

For Life and Fraternal Insurers:

Any investments deemed by the reporting entity to possess the underlying characteristics of a bond or other fixed income instrument which qualify for Filing Exemption or that have been reviewed and approved by the Securities Valuation Office (SVO) within this category.

~~Exclude: For Life and Fraternal Insurers:~~

Exclude: Any investments deemed by the reporting entity to possess the underlying characteristics of a bond or other fixed income investment, but for which the Securities Valuation Office (SVO) has not yet affirmed that the specific BA investment (identified by CUSIP) fits in this category (as identified in the NAIC *Valuation of Securities*). Until affirmed by the SVO, report these BA investments in the category for “Any Other Class of Assets.”

Joint Ventures or Partnership Interests for Which the Primary Underlying Investments are Considered to Be:

Fixed Income Instruments

Include: Leveraged Buy-out Fund.

A fund investing in the “Z” strip of Collateralized Mortgage Obligations.

For Life and Fraternal Insurers:

Any investments deemed by the reporting entity to possess the underlying characteristics of fixed income instruments which qualify for Filing Exemption or that have been reviewed and approved by the Securities Valuation Office (SVO) within this category.

~~Exclude: For Life and Fraternal Insurers:~~

Exclude: Any investments deemed by the reporting entity to possess the underlying characteristics of fixed income instruments, but for which the Securities Valuation Office (SVO) has not affirmed that the specific BA investment (identified by CUSIP) fits in this subcategory. Until affirmed by the SVO, report these BA investments in the “Other” subcategory of this category.

OTHER LONG-TERM INVESTED ASSETS OWNED DECEMBER 31 OF CURRENT YEAR

Refer to *SSAP No. 23—Foreign Currency Transactions and Translations* for accounting guidance.

Column 1 – CUSIP Identification

This column must be completed by ~~Life and Fraternal insurers reporting entities~~ that file Schedule BA investments with the Securities Valuation Office.

CUSIP numbers for all purchased publicly issued securities are available from the broker's confirmation or the certificate. For private placement securities, the NAIC has created a special number called a PPN to be assigned by the Standard & Poor's CUSIP Bureau. For foreign securities, use a CINS that is assigned by the Standard & Poor's CUSIP Bureau: www.cusip.com/cusip/index.htm.

If no CUSIP number exists, the CUSIP field should be zero-filled.

Column 11 – Fair Value

Include: **For all statement types:**—Use fair value received from a counter party when available. For example, for limited partnerships and hedge funds, the latest financial statement’s fair value should be used. For other types of instruments, a quote from a broker, seller, or another counter party should be used. If such quote is not available, the reporting entity should make an estimate of fair value at which the investment could be sold to an unaffiliated third party. A record of the quote, or the methodology used to reach an estimate should be kept in file.

~~**Life and Fraternal Reporting** entities who have filed Schedule BA assets with the SVO must complete this column with the assigned value as reported in the AVS+ database*NAIC Valuation of Securities or its Supplement.*~~

SCHEDULE D – PART 2 – SECTION 2

COMMON STOCKS OWNED DECEMBER 31 OF CURRENT YEAR

=====
=====
Detail Eliminated To Conserve Space
=====
=====

~~Column 17 — NAIC Market Indicator~~

~~Insert the NAIC market indicator for such security printed in the *Valuation of Securities*. If this market indicator is not available, the reporting entity should include a market indicator of “A,” “J,” “K,” “L,” “U” or “V” as appropriate. For the meaning and applicability of suffixes and designations, please refer to the most recent version of the *Purposes and Procedures Manual of the NAIC Investment Analysis Office Part One, Section 3*.~~

~~Following is a listing of the valid codes for common stock:~~

A	J	K	L	U	V
---	---	---	---	---	---

~~Column 18~~ 17 – Date Acquired

For public placements use trade date, not settlement date. For private placements, use funding date. Each issue of stocks acquired at public offerings on more than one date may be totaled on one line and the date of last acquisition inserted.

**** Columns 19-18 through 24-23 will be electronic only. ****

~~Column 19~~ 18 – Fair Value Hierarchy Level and Method Used to Obtain Fair Value Code

Whenever possible, fair value should represent the price at which the security could be sold, based on market information. Fair value should only be determined analytically when the market based value cannot be obtained.

The following is a listing of valid fair value level indicators to show the fair value hierarchy level.

“1” for Level 1

“2” for Level 2

“3” for Level 3

The following is a listing of the valid method indicators for common stocks to show the method used by the reporting entity to determine the Rate Per Share Used to Obtain Fair Value.

“a” for securities where the rate is determined by a pricing service.

“b” for securities where the rate is determined by a stock exchange.

“c” for securities where the rate is determined by a broker or custodian. The reporting entity should obtain and maintain the pricing policy for any broker or custodian used as a pricing source. In addition, the broker must either be approved by the reporting entity as a counterparty for buying and selling securities or be an underwriter of the security being valued.

“d” for securities where the rate is determined by the reporting entity. The reporting entity is required to maintain a record of the pricing methodology used.

“e” for securities where the rate is determined by the unit price published in the NAIC *Valuation of Securities*.

Enter a combination of hierarchy and method indicator. The fair value hierarchy level indicator would be listed first and the method used to determine fair value indicator would be listed next. For example, use “1b” to report Level 1 for the fair value hierarchy level and stock exchange for the method used to determine fair value.

The guidance in *SSAP No. 100R—Fair Value* allows the use of net asset value per share (NAV) instead of fair value for certain investments. The guidance is effective Jan. 1, 2018 with early adoption permitted. For reporting entities electing to early-adopt, the reporting entity shall the code “2c”.

| Column ~~2019~~ – Source Used to Obtain Fair Value

For Method Code “a,” identify the specific pricing service used.

For Method Code “b,” identify the specific stock exchange used.

The listing of most **stock exchange codes can be found in the Investment Schedules General Instructions or the following Web address:**

www.fixprotocol.org/specifications/exchanges.shtml

For Method Code “c,” identify the specific broker or custodian used.

If net asset value (NAV) is used instead of fair value by early adopting the guidance in *SSAP No. 100R—Fair Value*, the reporting entity should use “NAV” to indicate net asset value used instead of fair value.

For Method Code “d,” leave blank.

For Method Code “e,” leave blank.

| Column ~~2120~~ – Legal Entity Identifier (LEI)

Provide the 20-character Legal Entity Identifier (LEI) for any issuer as assigned by a designated Local Operating Unit. If no LEI number has been assigned, leave blank.

| Column ~~2221~~ – Issuer

Issuer Definition:

The name of the legal entity that develops, registers and sells securities for the purpose of financing its operations and may be domestic or foreign governments, corporations or investment trusts. The issuer is legally responsible for the obligations of the issue and for reporting financial conditions, material developments and any other operational activities as required by the regulations of their jurisdictions

The reporting entity is encouraged to use the following sources:

- Bloomberg
- Interactive Data Corporation (IDC)
- Thomson Reuters
- S&P/CUSIP

- Name used in either the relevant SEC filing or legal documentation for the transaction. Issuer is the name of the legal entity that can be found on documents such as SEC Form 424B2, Note Agreements, Prospectuses and Indentures, as appropriate. The name used should be as complete and detailed as possible to enable others to differentiate the legal entity issuing the security from another legal entity with a similar name.

Do not report ticker symbols, either internal or otherwise.

| Column ~~23~~22 – Issue

Issue information provides detailed data as to the type of security being reported.

The reporting entity is encouraged to use the following sources:

- Bloomberg
- Interactive Data Corporation (IDC)
- Thomson Reuters
- S&P/CUSIP
- Descriptions used in either the relevant SEC filing or legal documentation for the transaction.

Do not report ticker symbols, either internal or otherwise.

| Column ~~24~~23 – ISIN Identification

The International Securities Identification Numbering (ISIN) system is an international standard set up by the International Organization for Standardization (ISO). It is used for numbering specific securities, such as stocks, bonds, options and futures. ISIN numbers are administered by a National Numbering Agency (NNA) in each of their respective countries, and they work just like serial numbers for those securities. Record the ISIN number only if no valid CUSIP, CINS or PPN exists to report in Column 1.

SCHEDULE BA – PART 2

**OTHER LONG-TERM INVESTED ASSETS ACQUIRED
AND ADDITIONS MADE DURING THE CURRENT QUARTER**

This schedule should reflect not only those newly acquired long-term invested assets, but also any increases or additions to long-term invested assets acquired in the current and prior periods, including, for example, capital calls from existing limited partnerships.

Column 1 – CUSIP Identification

This column must be completed by ~~Life and Fraternal insurers reporting entities~~ that file Schedule BA investments with the Securities Valuation Office.

CUSIP numbers for all purchased publicly issued securities are available from the broker's confirmation or the certificate. For private placement securities, the NAIC has created a special number called a PPN to be assigned by the Standard & Poor's CUSIP Bureau. For foreign securities, use a CINS that is assigned by the Standard & Poor's CUSIP Bureau: www.cusip.com/cusip/index.htm.

If no CUSIP number exists, the CUSIP field should be zero-filled.

Column 6 – NAIC Designation and Administrative Symbol

~~This column must be completed by Life and Fraternal insurers only. All other insurers may ignore this column and its instructions.~~

~~For Schedule BA investments with the underlying characteristics of a bond or a preferred stock instrument, insert the appropriate combination of the NAIC designation (1 through 6) and administrative symbol. List of valid administrative symbols are shown below.~~

~~Listing of valid NAIC designation and administrative symbol combinations can be found on the NAIC's website for the Securities Valuation Office (<http://www.naic.org/svo.htm>).~~

~~Following are valid administrative symbols for bonds and preferred stock. Refer to the *Purposes and Procedures Manual of the NAIC Investment Analysis Office* for the application of these symbols.~~

- ~~S Additional or other non-payment risk~~
- ~~YE Year-end carry over~~
- ~~FE Filing Exempt~~
- ~~PL Private Letter Rating~~
- ~~PLGI Private Letter Rating - reported on General Interrogatory~~
- ~~F Sub-paragraph D Company - Insurer self-designated~~

~~For Schedule BA investments with the Underlying characteristics of a bond or a preferred stock instrument, insert the NAIC designation, valuation indicator or market indicator as reported in the *Valuations of Securities* or its *Supplement*.~~

If the VOS data file does not provide a designation and the investment qualifies for filing exemption, an “FE” or an “S” must follow the designation reported in this column. For the meaning and applicability of suffixes and designations, please refer to the most recent version of the *Purposes and Procedures Manual of the NAIC Investment Analysis Office Part Three, Section 1.*~~

The NAIC designation and administrative symbol field should be zero-filled for those Schedule BA investments with the underlying characteristics of a bond or a preferred stock instrument which have not been filed with the SVO and do not meet the requirements of Filing Exemption, as well for any other investments reported in the respective “Other” categories (non-fixed income-like BA investments).

SCHEDULE BA – PART 3

**OTHER LONG-TERM INVESTED ASSETS DISPOSED, TRANSFERRED OR REPAID
DURING THE CURRENT QUARTER**

This schedule should reflect not only disposals of an entire “other invested asset”, but should also include partial disposals and amounts received during the year on investments still held, including, for example, return of capital distributions from limited partnerships.

Column 1 – CUSIP Identification

This column must be completed by ~~Life and Fraternal insurers reporting entities~~ that file Schedule BA investments with the Securities Valuation Office.

CUSIP numbers for all purchased publicly issued securities are available from the broker’s confirmation or the certificate. For private placement securities, the NAIC has created a special number called a PPN to be assigned by the Standard & Poor’s CUSIP Bureau. For foreign securities, use a CINS that is assigned by the Standard & Poor’s CUSIP Bureau: www.cusip.com/cusip/index.htm.

If no CUSIP number exists, the CUSIP field should be zero-filled.
