Section 4. Forms - General Requirements

- A. Forms A, B, C, D, E and F are intended to be guides in the preparation of the statements required by Sections 3, 3.1, 4, and 5 of the Act. They are not intended to be blank forms which are to be filled in. The statements filed shall contain the numbers and captions of all items, but the text of the items may be omitted provided the answers thereto are prepared in such a manner as to indicate clearly the scope and coverage of the items. All instructions, whether appearing under the items of the form or elsewhere therein, are to be omitted. Unless expressly provided otherwise, if any item is inapplicable or the answer thereto is in the negative, an appropriate statement to that effect shall be made.
- B. [Insert number] complete copies of each statement including exhibits and all other papers and documents filed as a part thereof, shall be filed with the Commissioner by personal delivery or mail addressed to: Insurance Commissioner of the State of [insert state and address], Attention: [insert name - title]. At least one of the copies shall be signed in the manner prescribed on the form. Unsigned copies shall be conformed. If the signature of any person is affixed pursuant to a power of attorney or other similar authority, a copy of the power of attorney or other authority shall also be filed with the statement.
- C. If an applicant requests a hearing on a consolidated basis under Section 3D(3) of the Act, in addition to filing the Form A with the commissioner, the applicant shall file a copy of Form A with the National Association of Insurance Commissioners (NAIC) in electronic form.
- D. Statements should be prepared electronically. Statements shall be easily readable and suitable for review and reproduction. Debits in credit categories and credits in debit categories shall be designated so as to be clearly distinguishable as such on photocopies. Statements shall be in the English language and monetary values shall be stated in United States currency. If any exhibit or other paper or document filed with the statement is in a foreign language, it shall be accompanied by a translation into the English language and any monetary value shown in a foreign currency normally shall be converted into United States currency.

Drafting Note: Section 4 may be omitted if it is included as instructions on Forms A, B, C, D, E and F.

Section 5. Forms - Incorporation by Reference, Summaries and Omissions

- A. Information required by any item of Form A, Form B, Form D, Form E or Form F may be incorporated by reference in answer or partial answer to any other item. Information contained in any financial statement, annual report, proxy statement, statement filed with a governmental authority, or any other document may be incorporated by reference in answer or partial answer to any item of Form A, Form B, Form D, Form E or Form F provided the document is filed as an exhibit to the statement. Excerpts of documents may be filed as exhibits if the documents are extensive. Documents currently on file with the Commissioner which were filed within three (3) years need not be attached as exhibits. References to information contained in exhibits or in documents already on file shall clearly identify the material and shall specifically indicate that such material is to be incorporated by reference in answer to the item. Matter shall not be incorporated by reference in any case where the incorporation would render the statement incomplete, unclear or confusing.

- B. Where an item requires a summary or outline of the provisions of any document, only a brief statement shall be made as to the pertinent provisions of the document. In addition to the statement, the summary or outline may incorporate by reference particular parts of any exhibit or document currently on file with the Commissioner which was filed within three (3) years and may be qualified in its entirety by such reference. In any case where two (2) or more documents required to be filed as exhibits are substantially identical in all material respects except as to the parties thereto, the dates of execution, or other details, a copy of only one of the documents need be filed with a schedule identifying the omitted documents and setting forth the material details in which the documents differ from the documents, a copy of which is filed.

Drafting Note: Section 5 may be omitted if it is included as instructions on Forms A, B, D, E and F.

Section 6. Forms-Information Unknown or Unavailable and Extension of Time to Furnish

If it is impractical to furnish any required information, document or report at the time it is required to be filed, there shall be filed with the Commissioner a separate document:

- C. Requesting an extension of time for filing the information, document or report to a specified date. The request for extension shall be deemed granted unless the Commissioner within [XX] days after receipt thereof enters an order denying the request.

Drafting Note: Section 6 may be omitted if it is included as instruction on Forms A, B, C, D, E and F.

Section 7. Forms - Additional Information and Exhibits

In addition to the information expressly required to be included in Form A, Form B, Form C, Form D, Form E and Form F, the Commissioner may request such further material information, if any, as may be necessary to make the information contained therein not misleading. The person filing may also file such exhibits as it may desire in addition to those expressly required by the statement. The exhibits shall be so marked as to indicate clearly the subject matters to which they refer. Changes to Forms A, B, C, D, E or F shall include on the top of the cover page the phrase: "Change No. [insert number] to" and shall indicate the date of the change and not the date of the original filing.

- C. With the prior approval of the Commissioner, an unauthorized insurer may follow any of the procedures which could be done by an authorized insurer under Subsection A above.
- D. Any insurer may take advantage of the provisions of Section 4H or 4I of the Act without obtaining the prior approval of the Commissioner. The Commissioner, however, reserves the right to require individual filings if he or she deems such filings necessary in the interest of clarity, ease of administration or the public good.

The ultimate controlling person of an insurer required to file an enterprise risk report pursuant to Section 4L(1) of the Act shall furnish the required information on Form F, hereby made a part of these regulations.

Section 21. Group Capital Calculation

- A. Where an insurance holding company system has previously filed the annual group capital calculation at least once, the lead state commissioner has the discretion to exempt the ultimate controlling person from filing the annual group capital calculation if the lead state commissioner makes a determination based upon that filing that the insurance holding company system meets all of the following criteria:
- (1) Has annual direct written and unaffiliated assumed premium (including international direct and assumed premium), but excluding premiums reinsured with the Federal Crop Insurance Corporation and Federal Flood Program, of less than \$1,000,000,000;
 - (2) Has no insurers within its holding company structure that are domiciled outside of the United States or one of its territories;
 - (3) Has no banking, depository or other financial entity that is subject to an identified regulatory capital framework within its holding company structure;
 - (4) The holding company system attests that there are no material changes in the transactions between insurers and non-insurers in the group that have occurred since the last filing of the annual group capital; and
 - (5) The non-insurers within the holding company system do not pose a material financial risk to the insurer's ability to honor policyholder obligations.
- B. Where an insurance holding company system has previously filed the annual group capital calculation at least once, the lead state commissioner has the discretion to accept in lieu of the group capital calculation a limited group capital filing if:
- (1) The insurance holding company system has annual direct written and unaffiliated assumed premium (including international direct and assumed premium), but excluding premiums reinsured with the Federal Crop Insurance Corporation and Federal Flood Program, of less than \$1,000,000,000; and all of the following additional criteria are met:
 - (a) Has no insurers within its holding company structure that are domiciled outside of the United States or one of its territories;
 - (b) Does not include a banking, depository or other financial entity that is subject to an identified regulatory capital framework; and
 - (c) The holding company system attests that there are no material changes in transactions between insurers and non-insurers in the group that have occurred since the last filing of the report to the lead state commissioner and the non-insurers within the holding company system do not pose a material financial risk to the insurers ability to honor policyholder obligations.
- C. For an insurance holding company that has previously met an exemption with respect to the group capital calculation pursuant Section 21A or 21B of this regulation, the lead state commissioner may require at any time the ultimate controlling person to file an annual group capital calculation, completed in accordance with the NAIC Group Capital Calculation Instructions, if any of the following criteria are met:
- (1) Any insurer within the insurance holding company system is in a Risk-Based Capital action level event as set forth in [insert cross-reference to appropriate section of Risk-Based Capital (RBC) Model Act] or a similar standard for a non-U.S. insurer; or

- (2) Any insurer within the insurance holding company system meets one or more of the standards of an insurer deemed to be in hazardous financial condition as defined in [insert cross-reference to appropriate section of Model Regulation to Define Standards and Commissioner’s Authority for Companies Deemed to be in Hazardous Financial Condition]; or
 - (3) Any insurer within the insurance holding company system otherwise exhibits qualities of a troubled insurer as determined by the lead state commissioner based on unique circumstances including, but not limited to, the type and volume of business written, ownership and organizational structure, federal agency requests, and international supervisor requests.
- D. A non-U.S. jurisdiction is considered to “recognize and accept” the group capital calculation if it satisfies the following criteria:
- (1) With respect to the [insert cross-reference to Section 4L(2)(d) of the Model Act]
 - (a) The non-U.S. jurisdiction recognizes the U.S. state regulatory approach to group supervision and group capital, by providing confirmation by a competent regulatory authority, in such jurisdiction, that insurers and insurance groups whose lead state is accredited by the NAIC under the NAIC Accreditation Program shall be subject only to worldwide prudential insurance group supervision including worldwide group governance, solvency and capital, and reporting, as applicable, by the lead state and will not be subject to group supervision, including worldwide group governance, solvency and capital, and reporting, at the level of the worldwide parent undertaking of the insurance or reinsurance group by the non-U.S. jurisdiction; or
 - (b) Where no U.S. insurance groups operate in the non-U.S. jurisdiction, that non-U.S. jurisdiction indicates formally in writing to the lead state with a copy to the International Association of Insurance Supervisors that the group capital calculation is an acceptable international capital standard. This will serve as the documentation otherwise required in Section 21D(1)(a).
 - (2) The non-U.S. jurisdiction provides confirmation by a competent regulatory authority in such jurisdiction that information regarding insurers and their parent, subsidiary, or affiliated entities, if applicable, shall be provided to the lead state commissioner in accordance with a memorandum of understanding or similar document between the commissioner and such jurisdiction, including but not limited to the International Association of Insurance Supervisors Multilateral Memorandum of Understanding or other multilateral memoranda of understanding coordinated by the NAIC. The commissioner shall determine, in consultation with the NAIC Committee Process, if the requirements of the information sharing agreements are in force.
- E. A list of non-U.S. jurisdictions that “recognize and accept” the group capital calculation will be published through the NAIC Committee Process:
- (1) A list of jurisdictions that “recognize and accept” the group capital calculation pursuant to [insert cross-reference to Sections 4L(2)(d)], is published through the NAIC Committee Process to assist the lead state commissioner in determining which insurers shall file an annual group capital calculation. The list will clarify those situations in which a jurisdiction is exempted from filing under [insert cross-reference to Sections 4L(2)(d)]. To assist with a determination under 4L(2)(e), the list will also identify whether a jurisdiction that is exempted under either [insert cross-reference to Sections 4L(2)(c) and 4L(2)(d)] requires a group capital filing for any U.S. based insurance group’s operations in that non-U.S. jurisdiction.
 - (2) For a non-U.S. jurisdiction where no U.S. insurance groups operate, the confirmation provided to meet the requirement of Section 21D(1)(b) will serve as support for recommendation to be published as a jurisdiction that “recognizes and accepts” the group capital calculation through the NAIC Committee Process.

- (3) If the lead state commissioner makes a determination pursuant to Section 4L(2)(d) that differs from the NAIC List, the lead state commissioner shall provide thoroughly documented justification to the NAIC and other states.
- (4) Upon determination by the lead state commissioner that a non-U.S. jurisdiction no longer meets one or more of the requirements to “recognize and accept” the group capital calculation, the lead state commissioner may provide a recommendation to the NAIC that the non-U.S. jurisdiction be removed from the list of jurisdictions that “recognize and accepts” the group capital calculation.

Section 22. Extraordinary Dividends and Other Distributions

- A. Requests for approval of extraordinary dividends or any other extraordinary distribution to shareholders shall include the following:
- (1) The amount of the proposed dividend;
 - (2) The date established for payment of the dividend;
 - (3) A statement as to whether the dividend is to be in cash or other property and, if in property, a description thereof, its cost, and its fair market value together with an explanation of the basis for valuation;
 - (4) A copy of the calculations determining that the proposed dividend is extraordinary. The work paper shall include the following information:
 - (a) The amounts, dates and form of payment of all dividends or distributions (including regular dividends but excluding distributions of the insurer’s own securities) paid within the period of twelve (12) consecutive months ending on the date fixed for payment of the proposed dividend for which approval is sought and commencing on the day after the same day of the same month in the last preceding year;
 - (b) Surplus as regards policyholders (total capital and surplus) as of the 31st day of December next preceding;
 - (c) If the insurer is a life insurer, the net gain from operations for the 12-month period ending the 31st day of December next preceding;
 - (d) If the insurer is not a life insurer, the net income less realized capital gains for the 12-month period ending the 31st day of December next preceding and the two preceding 12-month periods; and
 - (e) If the insurer is not a life insurer, the dividends paid to stockholders excluding distributions of the insurer’s own securities in the preceding two (2) calendar years;
 - (5) A balance sheet and statement of income for the period intervening from the last annual statement filed with the Commissioner and the end of the month preceding the month in which the request for dividend approval is submitted; and
 - (6) A brief statement as to the effect of the proposed dividend upon the insurer’s surplus and the reasonableness of surplus in relation to the insurer’s outstanding liabilities and the adequacy of surplus relative to the insurer’s financial needs.
- B. Subject to Section 5B of the Act, each registered insurer shall report to the Commissioner all dividends and other distributions to shareholders within fifteen (15) business days following the declaration thereof, including the same information required by Subsection A(4).

Section 23. Adequacy of Surplus

The factors set forth in Section 5D of the Act are not intended to be an exhaustive list. In determining the adequacy and reasonableness of an insurer's surplus no single factor is necessarily controlling. The Commissioner instead will consider the net effect of all of these factors plus other factors bearing on the financial condition of the insurer. In comparing the surplus maintained by other insurers, the Commissioner will consider the extent to which each of these factors varies from company to company and in determining the quality and liquidity of investments in subsidiaries, the Commissioner will consider the individual subsidiary and may discount or disallow its valuation to the extent that the individual investments so warrant.

Section 1. Authority

At the same time the Holding Company Act was adopted, the committee was already planning for the necessary regulation and model forms. **1969 Proc. II 738.**

The industry advisory committee submitted a draft regulation at the December 1969 meeting. It did not closely resemble the draft actually adopted by the subcommittee six months later. However, the forms developed by the advisory committee met with a high degree of acceptance. **1970 Proc. I 221-233, 1970 Proc. II 1055-1066.**

The Joint Committee adopted the Executive Committee Report and granted a request to amend model regulation #450. This model sets standards for regulating transactions between insurance legal entities and other affiliated entities. It currently represents Part A: Laws and Regulations standard as part of the NAIC Financial Regulation and Accreditation Program. The Part A standard #6 – Holding Company Systems, requires the NAIC Model Insurance Holding Company System Regulatory Act or an act substantially similar. This model is also impacted by the federal Gramm-Leach-Bliley Act of 1999 (GLBA). The Group Solvency Issues Working Group will be proposing changes in line with their charges to study the models' effectiveness in addressing issues that exist within insurer groups, particularly issues identified during this most recent economic downturn. **2009 Proc. 3rd Quarter Vol. I 2-2, 3-2, 4-3, 4-5.**

The advisory committee submitted a draft regulation to the subcommittee soon after adoption of the Insurance Holding Company System Model Act. It served as the basis for the regulation adopted and contained Forms A and B. **1970 Proc. II 1055-1066, 1971 Proc. I 149.**

It was necessary to revise the model regulation and develop additional reporting forms to conform to the revised Holding Company Act. **1986 Proc. I 71.** That was accomplished, and the new regulation adopted, in June of 1986. **1986 Proc. II 93.**

The Group Solvency Issues Working Group examined existing regulatory powers under the Model Regulation regarding efficiency and uniformity of current holding company financial filings. The working group saw the need to access corporate arrangements that can create financial contagions potentially impacting entire financial enterprises, rather than just a single insurer. As such, the Supervisory College Subgroup will prepare language authorizing the use of supervisory colleges, where appropriate, and requiring insurers to pay for attending supervisory colleges part of the examination process. An interested party submitted a letter with suggestions for regulators for the Working Group to review. In addition, the Nebraska DOI submitted a draft of proposed changes to the model regulation. **2009 Proc. 3rd Quarter Vol. I 4-95, 4-97, 4-106, 4-152.**

The Group Solvency Issues (EX) Working Group exposed the Insurance Holding Company System Model Regulation (#450) for comment until Jan. 29, 2010. The Working Group discussed a draft memorandum regarding possible enhancements to U.S. group supervision. The memorandum recommends a “windows and walls” approach for the regulation of U.S.-based insurers operating within corporate groups and recommends enhancements to group supervision in the following areas: communication between regulators; supervisory colleges; access to and collection of information; enforcement measures; group capital assessment; and accreditation. The Working Group discussed draft revisions to the Model Regulation along with whether some governance issues should be included. The Working Group also discussed the usage of supervisory colleges. **2009 Proc. 4th Quarter Vol. I 4-49, 4-170, 4-213 to 4-218.**

The Group Solvency Issues (EX) Working Group adopted draft revisions to the Model Regulation for advancement to the Financial Condition (E) Committee. **2010 Proc. 2nd Quarter Vol. I 4-154.**

A motion was passed to adopt Model #450, as modified on the conference call. It was noted that the NAIC did not intend for the revised Model #450 to be considered for adoption by the Joint Executive/Plenary at the Summer National Meeting. **2010 Proc. 2nd Quarter Vol. II 10-64.**

Section 1 (cont.)

Group Solvency Issues (EX) Working Group discussed Draft Proposal to Financial Regulation Standards and Accreditation (F) Committee on Part A: Insurance Holding Company System Model Regulation (#450). Although the model was not yet formally adopted by the NAIC membership, the Working Group still decided to proceed with obtaining comments in anticipation of its adoption and henceforth released the document for a 60-day comment period, with comments due Dec. 17. **2010 Proc. 3rd Quarter Vol. I 4-106**

During a December 16, 2010, conference call, the Joint Executive Committee/Plenary adopted the Model Regulation. A commissioner noted that the proposed amendments are designed to provide a statutory mechanism for improved group supervision in light of regulatory developments around the world to enhance group supervision and NAIC members' experiences in responding to the financial crisis of 2008. The proposed changes include: the ultimate controlling person of an insurance holding company system would be required to submit a confidential enterprise risk filing; parent companies seeking to divest their interest in an insurance company subsidiary must provide notice to the domestic regulator prior to the divestiture; the insurer's board of directors will be required to make statements regarding the corporate governance and internal control responsibilities within the registration statement; cost-sharing services and management agreements among affiliated entities will be subject to minimum reporting requirements to eliminate the potential for capital to flow out of the insurer through these types of agreements; regulators will be provided explicit authority to participate in supervisory colleges; confidentiality protections for information shared among regulators and with the NAIC would be enhanced; separating the Enterprise Risk Filing from the Form B; create a new Form F; require the filing of the Form B with the Lead State as determined by the states; add additional confidentiality protections to the Form F and require a written confidentiality agreement with the NAIC; and add conforming amendments to align the model and regulation with the substantive changes. **2011 Proc. 1st Quarter Vol. I 3-11.**

The Working Group received comments from the Financial Examiners Coordination (E) Working Group in August 2010. Given the priority of completing the Insurance Holding Company System Model Regulation edits, the co-chairs postponed receipt and discussion of the memorandum. A motion was passed to receive the memo. A motion passed to adopt the Working Group's Feb. 24 conference call minutes where it discussed comments received on the draft proposals and amended language to the model regulation. **2011 Proc. 1st Quarter Vol. I 4-181.**

Financial Regulation Standards and Accreditation (F) Committee discussed 2010 Revisions to the Model Regulation. A Commissioner said the accreditation process for revisions to model laws is to first expose the revisions and the recommended significant elements for 30 days. Any comments would be discussed at the Summer National Meeting and the Committee would then consider whether the item should be exposed longer. **2011 Proc. 1st Quarter Vol. II 11-2.**

Financial Regulation Standards and Accreditation (F) Committee Adopted minutes from a December 14, 2011, conference call. The Committee exposed for one year Proposed Significant Elements Related to 2010 Revisions to the Insurance Holding Company System Model Regulation (#450) beginning Jan. 1, 2012. Revisions to Model #450 were unanimously adopted by the NAIC membership in December of 2010 were originally drafted by the Group Solvency Issues (EX) Working Group. This Working Group recently adopted proposed significant elements for accreditation purposes that were exposed for 30 days at the 2011 Fall National Meeting. As such, F Committee voted to extend the period for one year. **2012 Proc. 1st Quarter Vol. II 11-2, 11-5.**

Section 3. Severability Clause

Solvency Modernization Initiative (E) Task Force adopted a new charge for the Group Solvency Issues (E) Working Group to address the implementation of recent revisions to Section 3D(3) of the Insurance Holding Company System Regulatory Act (#450) that allow for a consolidated hearing on an acquisition of control in multiple jurisdictions. The new charge is as follows: In collaboration with the National Treatment and Coordination (E) Working Group, develop procedures to implement a consolidated public hearing for acquisitions involving multiple jurisdictions under the NAIC Model Holding Company Act and Regulation **2012 Proc. 1st Quarter Vol. I 2-12, 4-44**

Section 8. Definitions

The Group Solvency Issues (EX) Working Group discussed comments received on draft revisions to model regulation. The group revisited the definition of “group” and “material.” There was a discussion about how to effectively draft the language so that it would apply to “downstream” entities; regulators want to ensure senior management is looking broader than just their immediate company. One commissioner also noted that regulators have to be aware of other players trying to develop an oversight mechanism where all of the regulators are working together to analyze and resolve systemically large companies. **2010 Proc. 1st Quarter Vol. I 4-80 to 4-81.**

Section 9. Subsidiaries of Domestic Insurers

Section 10. Acquisition of Control - Statement Filing

The second sentence of the section was included in an exposure draft of amendments to the model regulation proposed in 1992. The purpose was to require Form E which was designed to assist insurance regulators in anticipating the potential market impact of proposed mergers and acquisitions. **1993 Proc. IB 1118.**

Form B

In regard to Form B filings, it was the general feeling of the states that responsibility for review of such filings should be primarily in the financial examination division of the various insurance departments. Most states review filings and amendments as they are made and maintain them as permanent records. Such filings are useful as a research tool to be consulted when certain information is needed or desired. In regard to items which were considered superfluous, those most frequently mentioned were biographicals and articles of incorporation and bylaws of the ultimate controlling party and subsidiaries. **1980 Proc. I 233.**

During an October 11, 2011 Conference Call, the Joint Executive (EX) Committee/Plenary committee adopted the report of the Solvency Modernization Initiative (EX) Task Force which included the a proposal for Financial Condition (E) Committee to review revisions to Model Regulation (#450). The proposal provided that “if sharing confidential information with the NAIC is permitted, appropriate confidentiality protections should be included.” The Group Solvency Issues Working Group discussed about how this language was intended to address the sharing of information with other state regulators, federal and international regulators, and with the NAIC while providing confidentiality protections. The Working Groups continue to discuss topics such as the impact study of principle-based reserving, the newly proposed Own Risk and Solvency Assessment (ORSA), the newly proposed group capital requirements and future actions related to corporate governance. The proposal was referred by the E Committee to the Financial Regulation Standards and Accreditation (F) Committee for consideration. **2011 Proc. 2nd Quarter Vol. I 3-2, 3-6, 3-8, 4-91, 4-228.**

Financial Regulation Standards and Accreditation (F) Committee voted to expose for 30 days the 2010 revisions to the Model Regulation #450 for comments. The Joint Executive (EX) Committee and Plenary Committee also voted to expose for a 30-day comment period. The Group Solvency Issues (EX) Working Group received comments on how ORSA requirements may be integrated with 450, particularly through Form B. **2011 Proc. 3rd Quarter Vol. I 2-16, 3-7, 4-140.**

Group Solvency Issues (E) Working Group adopted conference call minutes from December 15, 2011

It discussed draft language intended to provide a legal framework for ORSA within Form B and whether it was appropriate to include ORSA within Form B. There was a discussion as to whether Form B is, in fact, confidential. Regulators also examined and considered comment letters from interested parties. The interested parties’ primary areas of concern regarding the model regulation were confidentiality, group vs. legal entity, uniformity, flexibility and a uniform effective date. There was also an extended discussion to whether a stand-alone ORSA model is appropriate to fit industry needs. A motion was passed to expose the industry draft stand-alone ORSA model through Jan. 6, 2012. **2012 Proc. 1st Quarter Vol. II 10-698, 10-760 Forms C and D.**

Forms C and D were added to the model in 1986. **1986 Proc. II 119-123.**

Form E

The Special Insurance Issues (E) Committee was charged with developing a pre-acquisition notification form which is referenced in the Insurance Holding Company System Model Act, but had never been drafted. A preliminary draft was distributed to the committee of a form intended to assist insurance regulators in anticipating the potential market impact of proposed mergers and acquisitions. **1992 Proc. IIB 896.**

Form E (cont.)

The exposure draft of the form contained a request for information which one commenter said would not illuminate the potential competitive impact, so appeared to impose unnecessary requirements on insurers without furthering the purpose of the form. The item asked for shareholder notices, charters, biographies of intended officers of the merged company, and other documentation. An NAIC staffer suggested that perhaps the requirement was intended to provide the commissioner with discretionary authority to request the additional documents if he or she deemed them necessary. **1993 Proc. IB 1118.**

The draft adopted contained two significant changes from the earlier draft of the form. The item requesting submission of numerous documents was deleted because authority for the commissioner to request them was otherwise provided, and requiring it in the proposed form was unnecessary and unduly burdensome. The second change was deletion of an item asking about markets in other states, because the act intended to request information only about intrastate activities. **1993 Proc. 1st Quarter 362.**

The note after Item Five was added in response to one commissioner's question as to whether or not insurers would have the market data. After talking to NAIC staff, the note was added to clarify possible sources of the information. This also prompted the addition of a requirement for identification of the source of the market data. **1993 Proc. 1st Quarter 364.**
