Section 1. Purpose of Act

- A. The purpose of this act is to subject to the jurisdiction of the Insurance Commissioner of this state and to the jurisdiction of the courts of this state, insurers not authorized to transact business in this state that place in or send into this state any false advertising designed to induce residents of this state to purchase insurance from insurers not authorized to transact business in this state. The legislature declares it is in the interest of the citizens of this state who purchase insurance from insurers that solicit insurance business in this state in the manner set forth in the preceding sentence that these insurers be subject to the provisions of this Act. In furtherance of this state interest, the legislature herein provides a method of substituted service of process upon these insurers and declares that in so doing, it exercises its power to protect its residents and also exercises powers and privileges available to the state by virtue of Public Law 15, 79th Congress of the United States, Chapter 20, 1st Session, S. 340, which declares that the business of insurance and every person engaged therein shall be subject to the laws of the several states. The authority provided herein to be in addition to any existing powers of this state.
- B. The provisions of this Act shall be liberally construed.

KEY:

MODEL ADOPTION: States that have citations identified in this column adopted the most recent version of the NAIC model in a **substantially similar manner**. This requires states to adopt the model in its entirety but does allow for variations in style and format. States that have adopted portions of the current NAIC model will be included in this column with an explanatory note.

RELATED STATE ACTIVITY: Examples of Related State Activity include but are not limited to: older versions of the NAIC model, statutes or regulations addressing the same subject matter, or other administrative guidance such as bulletins and notices. States that have citations identified in this column **only** (and nothing listed in the Model Adoption column) have **not** adopted the most recent version of the NAIC model in a **substantially similar manner**.

NO CURRENT ACTIVITY: No state activity on the topic as of the date of the most recent update. This includes states that have repealed legislation as well as states that have never adopted legislation.

The model was developed in conjunction with efforts by the NAIC to address fraudulent false advertising of insurers not authorized to transact business in a state and provide for actions in a state with respect thereto and for service of process upon such insurer. **1960 Proc. II 151.**

The advisory committee agreed with the objective of the Unauthorized Insurers False Advertising Process Act. It was felt, however, that the bill in its then present form should be edited and polished at the least, and possibly completely revised. Moreover, since the concern of the subcommittee is not limited to the area of false advertising, but reaches all unlawful activities of nonadmitted insurers, it was determined that they should continue their efforts toward reaching more comprehensive solutions. **1960 Proc. II 487.**

One comment mentioned the possibility of meeting some of the problems under consideration by means of interstate compacts. 1960 Proc. II 487.

The advisory committee raised three questions:

- 1. Should the Unauthorized Insurers False Advertising Process Act be extended to include, in addition to false advertising, the other unfair trade practices enumerated and prohibited in the Unfair Trade Practices Act?
- 2. Should the Unauthorized Insurers False Advertising Process Act provide for equitable relief, as well as damages at law, for violations thereof?
- 3. Would an interstate compact be an appropriate and effective means of strengthening state regulation of direct-mail insurance advertising?

All three of the foregoing issues were answered in the negative. 1961 Proc. I 311.
