3. Project Authorized by What Charge and Date First Given to the Group

The project was authorized in 2012 by the following charge: Appoint a Contingent Deferred Annuity (A) Working Group to develop NAIC guidelines and/or model bulletin that can serve as a reference for states interested in modifying their annuity laws to clarify their applicability to contingent deferred annuities (CDAs) and, as part of this work, review existing NAIC model laws and regulations applicable to consumer protection issues associated with CDAs.

4. A General Description of the Drafting Process (e.g., drafted by a subgroup, interested parties, the full group, etc). Include any parties outside the members that participated.

The revisions to the Advertisements of Life Insurance and Annuities Model Regulation (#570) were drafted by the Contingent Deferred Annuity (A) Working Group. The revisions, and comments received on them, were reviewed and discussed by the Working Group. All comments were posted on the NAIC website. The Working Group adopted a draft of proposed revisions at the 2014 Fall National Meeting, which was then forwarded to the Life Insurance and Annuities (A) Committee. The Life Insurance and Annuities (A) Committee also adopted the revisions at the 2014 Fall National Meeting.

All drafts were distributed to more than 100 interested parties and posted on the NAIC website. Numerous interested parties participated, including: the American Council of Life Insurers (ACLI); the National Association for Fixed Annuities (NAFA); the Insured Retirement Institute (IRI); the National Association for Insurance and Financial Advisors (NAIFA); Birny Birnbaum (Center for Economic Justice—CEJ); and the American Academy of Actuaries (Academy).

5. A General Description of the Due Process (e.g., exposure periods, public hearings or any other means by which widespread input from industry, consumers and legislators was solicited)

The Contingent Deferred Annuity (A) Working Group met at each national meeting and held interim meetings and interim conference calls beginning in June 2012 until adopting the revisions at the 2014 Fall National Meeting.
6. **A Discussion of the Significant Issues (items of some controversy raised during the due process and the group’s response)**

There were concerns that using the term “CDAs” when revising the model would be too limiting and that subsequent model revisions would be necessary to address every innovation in the industry. The language adopted seeks to address this concern by using broader language and a drafting note to clarify that the terms are intended to include CDAs.

7. **Any Other Important Information (e.g., amending an accreditation standard)**
