1. **Adopted its Spring National Meeting Minutes**

Mr. Bruggeman provided the report of the Statutory Accounting Principles (E) Working Group, which conducted e-votes that concluded July 20, July 12, April 20. The Working Group also met May 20.

Mr. Bruggeman stated that during the July 20 e-vote, the Working Group exposed agenda item 2021-10: Statement of Statutory Accounting Principles (SSAP) No. 32R—Clarification of Effective Call Price for a public comment period ending Aug. 6. He said that during the July 12 e-vote, the Working Group adopted its May 20, April 20, and Spring National Meeting minutes.

Mr. Bruggeman provided the action for the May 20 meeting. Mr. Bruggeman stated that the Working Group adopted the following nonsubstantive revisions to statutory accounting guidance:

A. **SSAP No. 26R—Bonds**: Revisions reject Accounting Standards Update (ASU) 2020-08, Codification Improvements to Subtopic 310-20, Receivables – Nonrefundable Fees and Other Costs for statutory accounting. (Ref #2021-02)

B. **SSAP No. 47—Uninsured Plans**: Revisions reject ASU 2021-02, Franchisors – Revenue from Contracts with Customers for statutory accounting. (Ref #2021-08)

C. **SSAP No. 103R—Transfers and Servicing of Financial Assets and Extinguishments of Liabilities**: Revisions incorporate disclosure elements and a data-capture template for where an entity has transferred assets but retains economic interest within the reporting entity, its related parties, or another member within the holding company group. (Ref #2021-03)
Draft Pending Adoption

D. Adopted agenda items supporting disaggregated product identifiers to be used for each separate account product reported in the general interrogatories. This adoption does not result in statutory revisions, but it is reflected in the Working Group recommendation to support blanks proposal 2021-03BWG. (Ref #2020-37 and Ref #2020-38)

E. Interpretation (INT) 20-01: ASU 2020-04 – Reference Rate Reform: This interpretation provides optional guidance, allowing for the continuation of certain existing hedge relationships and thus does not require hedge dedesignation for derivative instruments affected by changes to interest/reference rates due to reference rate reform. This interpretation is all-encompassing for “any hedging relationships” within the scope of INT 20-01 and captures all hedging transaction types, regardless of if the transaction occurred bilaterally or through a central clearing party. (Ref #2021-01)

F. INT 21-01: Accounting for Cryptocurrencies: This interpretation clarifies that directly held cryptocurrencies neither meet the definition of cash in SSAP No. 2R—Cash, Cash Equivalents, Drafts and Short-Term Investments nor when directly held, meet the definition of an admitted asset per SSAP No. 4—Assets and Nonadmitted Assets. (Ref #2021-05)

G. Appendix D—Nonapplicable GAAP Pronouncements: Revisions reject ASU 2020-11, Financial Services – Insurance: Effective Date and Early Application as not applicable for statutory accounting. (Ref #2021-07)

H. Adopted the following editorial revisions (Ref #2021-06EP):

1. SSAP No. 53—Property Casualty Contracts—Premiums: Revisions retitle to SSAP No. 53—Property and Casualty Contracts—Premiums.

2. SSAP No. 97—Investments in Subsidiary, Controlled and Affiliated Entities: Revisions correct grammatical errors in paragraph 54.

3. SSAP Glossary: Revisions remove the footnote in the Glossary title and replace it as an opening paragraph with updated verbiage.

Mr. Bruggeman stated that the Working Group exposed the substantive proposed bond definition to be used for all securities in determining whether they qualify for reporting on Schedule D, Part 1 – Long-Term Bonds. The definition intends to reflect principal concepts to ensure appropriate consideration on whether a structure qualifies as an issuer credit obligation or an asset-backed security (ABS) prior to reporting as a bond. The public comment period for this agenda item ended July 15. (Ref #2019-21)

Mr. Bruggeman stated that the Working Group exposed nonsubstantive revisions to SSAP No. 48—Joint Ventures, Partnerships and Limited Liability Companies and SSAP No. 97 to indicate that the equity method valuation reference in SSAP No. 97 can result in a negative equity valuation and to limit the statutory adjustments match in SSAP No. 97, paragraph 9. The exposure requests public comments on language suggested by interested parties that foreign insurance subsidiary, controlled and affiliated entities (SCAs) shall stop at zero (and thus not be subject to negative equity valuations) when applying paragraph 9 adjustments in cases where the foreign insurance subsidiary is not engaged in providing services to, or holding assets on behalf of, U.S. insurers. The public comment period for this agenda item ended July 15. (Ref #2021-04)

Mr. Bruggeman stated that the Working Group adopted a response to the Life Risk-Based Capital (E) Working Group on its referral request to consider accounting and reporting aspects of an American Council of Life Insurers (ACLI) proposal to modify the treatment of real estate in the life risk-based capital (RBC) formula. The adopted response identifies concerns on the reliability and consistency of fair value data to be considered before allowing reporting entities to reduce RBC through the reported fair value of real estate.

Mr. Bruggeman stated that the Working Group received an update on the following projects and referrals:

A. The Working Group directed a referral to be sent to the Life Actuarial (A) Task Force seeking input regarding whether the Task Force would consider changes to the reserve framework of fixed indexed annuity products, as its response will likely directly influence the accounting options for derivatives hedging these products. (Ref #2020-36)
B. **SSAP No. 107—Risk-Sharing Provisions of the Affordable Care Act**: The Working Group directed NAIC staff to develop additional revisions that expand the guidance to address the diversity in state Affordable Care Act (ACA) reinsurance programs identified in the industry comments. (Ref #2021-09)

C. **INT 20-10: Reporting Nonconforming Credit Tenant Loans**: Contingently exposed nonsubstantive revisions in anticipation of a Valuation of Securities (E) Task Force proposal to revise filing exempt (FE) requirements for credit tenant loans (CTLs). Subsequent to the Working Group meeting, on May 24, the Task Force did not expose the anticipated revisions. Instead, the Task Force exposed edits to clarify that the reference to mortgage loans in the CTL definition pertains to items in scope of **SSAP No. 37—Mortgage Loans** and that the *Accounting Practices and Procedures Manual* (AP&P Manual) determines investment accounting and reporting. With this Task Force action, the revisions to INT 20-10 were not exposed. It is anticipated that the Working Group will review INT 20-10 after the Task Force concludes actions after their exposure.

D. Received a response from the Valuation of Securities (E) Task Force regarding CTLs and information regarding Securities Valuation Office (SVO) filings received.

Mr. Bruggeman stated that during the April 20 e-vote, the Working Group voted to update exposed agenda item 2021-03: SSAP No. 103R – Disclosures to reflect interested parties’ preliminary comments. While minor revisions were proposed to SSAP No. 103R disclosures, the primary changes from the original agenda item were reflected in the data capture template, which include instructions, updated capture fields, and column descriptions.

Mr. Bruggeman made a motion, seconded by Mr. Eft to adopt the report of the Statutory Accounting Principles (E) Working Group (Attachment One). The motion passed unanimously.

Mr. Garn provided the report of the Blanks (E) Working Group, which met July 22, 2021.

Mr. Garn stated the working Group adopted its May 26 minutes, which included the following action:

A. Mr. Garn stated the Working Group adopted its editorial listing and eight blanks proposals:

1. 2021-01 – add reference to health care receivables line in the Asset page.
2. 2021-02BWG – add questions to the General Interrogatories, Part 1 regarding depository institution holding companies as it pertains to the group capital calculation (GCC).
3. 2021-03BWG – add category lines to the Separate Accounts General Interrogatories for additional granularity.
4. 2021-04BWG – add a General Interrogatory to identify insurers that utilize third parties to pay agent commissions in which the amounts advanced by the third parties are not settled in full within 90 days.
5. 2021-05BWG – modify Note 17B(4) to reflect changes made by the Statutory Accounting Principles (E) Working Group reference number SAPWG 2021-03 regarding transferred assets.
6. 2021-06BWG – add crosschecks to the long-term care (LTC) reporting forms to gain consistency.
7. 2021-07BWG – add additional line categories to capture collateral type data for all residential mortgage-backed securities (RMBS), commercial mortgage-backed securities (CMBS), and loan-backed and structured securities (LBSS) regardless of reporting category.
8. 2021-08BWG – add a new supplement Mortgage Guaranty Insurance Exhibit to capture more information from mortgage guaranty insurers.

B. Exposed five proposals for public comment.

Mr. Garn stated that the Working Group adopted its editorial listing and 2021-10BWG – remove language in quarterly General Interrogatories Part 1, line 4.1 that requires filing of a quarterly merger/history form. The annual form shall still be required.
Mr. Garn stated that the Working Group adopted Health Actuarial Statement of Opinion Guidance for the 2021 reporting year.

Mr. Garn said the Working Group deferred four proposals for additional discussion for a 90-day public comment period ending Oct. 22.

Mr. Garn made a motion, seconded by Ms. Smith to adopt the report of the Blanks (E) Working Group (Attachment Two). The motion passed unanimously.

4. **Adopted its 2022 Proposed Charges**

Ms. Walker directed the Task Force to its 2022 proposed charges, noting that the proposed charges were previously distributed and are unchanged from last year.

Ms. Orth made a motion, seconded by Mr. Bruggeman, to adopt the Task Force’s 2022 proposed charges (Attachment Three). The motion passed unanimously.

5. **Adopted Revisions to the Model Audit Rule Implementation Guide**

Mr. Stolte, chair of the NAIC/American Institute of Certified Public Accountants (AICPA) (E) Working Group, introduced the proposed additions to the NAIC’s *Model Audit Rule Implementation Guide*. He noted that the revisions, shown as tracked revisions beginning on page 10, were adopted via an e-vote of the NAIC/AICPA (E) Working Group that concluded May 17. He stated that the updated version of the Implementation Guide has been posted to the NAIC website with plans to be included in the 2022 publication of the AP&P Manual. In accordance with the instructions on page 1 of the *Model Audit Rule Implementation Guide*, the changes are subject to review and adoption by the Task Force.

Mr. Stolte stated that no comments were received during the Working Group’s last exposure of proposed changes. The revisions have been proposed to facilitate the collection of additional information on the external audit firm’s lead engagement partner through the “Communication of Internal Control Related Matters Noted in an Audit” filing provided to each insurer’s domestic regulator/NAIC each year.

Mr. Stolte stated that the purpose of the additional information is to allow for regulatory review and verification of compliance with audit partner rotation and qualification requirements. He said the information is being proposed for collection through the internal control letter as it receives confidential treatment from the NAIC and regulators, which preserves the lead audit partner’s personal information. The changes are proposed to be effective for audits as of Dec. 31, 2021, and thereafter.

Mr. Stolte made a motion, seconded by Mr. Hudson to adopt the revisions to the *Model Audit Rule Implementation Guide* (Attachment Four). The motion passed unanimously.

Having no further business, the Accounting Practices and Procedures (E) Task Force adjourned.
