AGENDA

1. Consider Adoption of its June 30, and April 28 Minutes—Tom Botsko (OH)  
   Attachment One

2. Consider Adoption of its Working Group Reports  
   Attachment Two
   A. Health Risk-Based Capital (E) Working Group—Steve Drutz (WA)
   B. Risk-Based Capital (RBC) Investment Risk and Evaluation (E) Working Group—Philip Barlow (DC)
   C. Life Risk-Based Capital (E) Working Group—Philip Barlow (DC)
   D. Property and Casualty Risk-Based Capital (E) Working Group—Tom Botsko (OH)

3. Consider Adoption of its Working Agenda—Tom Botsko (OH)  
   Attachment Three

4. Consider Exposure of its 2024 Proposed Charges—Tom Botsko (OH)  
   Attachment Four
5. Consider Exposure of the Revised Procedures Document  
   —Tom Botsko (OH)  
   Attachment Five

6. Receive an Update from its Risk Evaluation Ad Hoc Group  
   —Tom Botsko (OH)

7. Discuss the Implications of the Recent Market Turmoil and Their Impact  
   on Insurer Investments—Ed Toy (Risk & Regulatory Consulting—RRC)

8. Discuss Any Other Matters Brought Before the Task Force  
   —Tom Botsko (OH)

9. Adjournment
The Capital Adequacy (E) Task Force met June 30, 2023. The following Task Force members participated: Judith L. French, Chair, and Tom Botsko (OH); Grace Arnold, Vice Chair, represented by David Nelson (MN); Mark Fowler represented by Charles Hale (AL); Ricardo Lara represented by Thomas Reedy (CA); Michael Conway represented by Keith Warburton (CO); Andrew N. Mais represented by Wanchin Chou (CT); Karima M. Woods represented by Philip Barlow (DC); Michael Yaworsky represented by Virginia Christy (FL); Doug Ommen represented by Mike Yanacheak (IA); Dana Popish Severinghaus represented by Vincent Tsang (IL); Amy L. Beard represented by Roy Eft (IN); Vicki Schmidt represented by Tish Becker (KS); Sharon P. Clark (KY); Kathleen A. Birrane represented by Lynn Beckner (MD); Chloria Lindley-Myers (MO); Mike Causey represented by Jessica Price (NC); Jon Godfread represented by Matt Fischer (ND); Eric Dunning represented by Lindsay Crawford (NE); Glen Mulready represented by Andrew Schallhorn (OK); Cassie Brown represented by Jamie Walker (TX); Mike Kreidler represented by Steve Drutz (WA); and Nathan Houdek (WI).

1. **Adopted Proposal 2023-02-P(MOD)**

Botsko said proposal 2023-02-P(MOD) (Underwriting Risk Line 1 Factors) provides a routine annual update to the Line 1 premium and reserve industry underwriting factors in the property/casualty (P/C) risk-based capital (RBC) formula, which was adopted during the Task Force’s April 28 meeting. He also stated that the purpose of this modification is to update the H/F, WC, and CMP reserve factors due to an incorrect calculation. The Property and Casualty Risk-Based Capital (E) Working Group and the Catastrophe Risk (E) Subgroup conducted an e-vote to adopt this proposal on June 16.

Chou made a motion, seconded by Drutz, to adopt proposal 2023-02-P(MOD) (Attachment XX). The motion passed unanimously.

2. **Adopted Proposals 2023-09-IRE and 2023-10-IRE**

Barlow said the purpose of proposals 2023-09-IRE (Residual Factor for Life) and 2023-04-IRE (Residual Sensitivity Test Factor for Life) is to apply RBC factors for residual tranches and sensitivity tests in the life RBC formula. He stated that during the RBC Investment Risk and Evaluation (E) Working Group’s June 14 meeting, the Working Group adopted: 1) the residual tranches factor of 30% for year-end 2023 and then 45% for year-end 2024 with consideration of positive or negative adjustment based on additional information; and 2) the sensitivity factor of 15% for year-end 2023. He also indicated that both proposals passed unanimously in the Working Group’s last meeting. Lastly, Botsko stated that these two proposals will only apply to the life formula. The Working Group will evaluate the P/C and health formulas in the near future.

Barlow made a motion, seconded by Hemphill, to adopt proposals 2023-9-IRE (Attachment XX) and 2023-10-IRE (Attachment XX). The motion passed unanimously.

3. **Adopted the Generator of Economic Scenarios (E/A) Subgroup Charges**

Barlow said the Life Risk-Based Capital (E) Working Group adopted the Generator of Economic Scenarios (E/A) Subgroup charges during its June 22 meeting. He asked the Task Force to consider adoption of the proposed charges.
Barlow made a motion, seconded by Yanacheak, to adopt the Generator of Economic Scenarios (E/A) Subgroup’s proposed charges (Attachment XX). The motion passed unanimously.

4. **Adopted Proposal 2022-09-CA(MOD)**

Botsko said the purpose of proposal 2022-09-CA(MOD) (Revised Affiliated Investments Structure and Instructions) is to provide editorial changes to: 1) clarify the examples provided in the indirectly owned alien insurance affiliates/subsidiaries section; and 2) add a footnote to the “% owned” column in the blank.

Chou made a motion, seconded by Warburton, to adopt proposal 2022-09-CA(MOD) (Attachment XX). The motion passed unanimously.

5. **Adopted Proposal 2022-16-CA**

Drutz said the purpose of proposal 2022-16-CA (Underwriting Risk Factors – Investment Income Adjustment) is to update the underwriting risk factors for the annual investment income adjustment to the comprehensive medical, Medicare supplement, and dental and vision factors. He also stated that the Task Force received no comments during a 30-day public comment period.

Drutz made a motion, seconded by Chou, to adopt proposal 2022-16-CA (Attachment XX). The motion passed unanimously.

6. **Adopted Proposal 2023-01-CA**

Drutz said the purpose of proposal 2023-01-CA (Stop Loss Premiums) is to clarify the instructions for the stop loss business in the health RBC formula and align the life and P/C RBC formulas with these changes. He also stated that the Task Force received no comments during a 30-day public comment period.

Drutz made a motion, seconded by Chou, to adopt proposal 2023-01-CA (Attachment XX). The motion passed unanimously.

7. **Discussed the Current Turmoil in the Banking Sector**

Ed Toy (Risk & Regulatory Consulting LLC—RRC) said the Democrats in the U.S. House of Representatives (House) have proposed a raft of bills to deal with recent banking problems. He stated that four items focus on reforms or improvements to banking regulation: 1) closing the Enhanced Prudential Standards Loophole Act; 2) closing the Chief Risk Officer Enforcement and Accountability Act; 3) closing the Effective Bank Regulation Act; and 4) closing the Secure and Faire Enforcement (SAFE) Banking Act. He said he believes the SAFE Banking Act may have the most immediate impact if the bills pass as proposed since the affected banks will need to market investments that have heretofore been exempted. Botsko said the Task Force welcomes Toy to provide constant updates regarding this issue.

Botsko said the Task Force is open to hearing thoughts or information that affects RBC. He encouraged parties to contact him or NAIC staff if they are interested in presenting any topics during a Task Force meeting.

8. **Received an Update from its Risk Evaluation Ad Hoc Group**

Botsko said the Risk Evaluation Ad Hoc Group met June 14 and May 22. During these two meetings, the Ad Hoc Group discussed: 1) the purpose of the RBC; and 2) the possibility of developing a process or guidelines for
reviewing, adding, or deleting factors to the RBC formulas. Botsko also stated that the Ad Hoc Group agreed that it should focus on reviewing items such as risk factors in different RBC components, company size, geographic concentration, reinsurance, purpose of RBC, deferred tax asset, covariance, and benchmark. He said this Ad Hoc Group will meet once every other week before the Summer National Meeting. The next meeting is scheduled for July 12. Botsko welcomed all interested parties to actively participate in the Ad Hoc Group discussion during the upcoming meeting.

Having no further business, the Capital Adequacy (E) Task Force adjourned.

SharePoint/NAIC Support Staff Hub/Member Meetings/E CMTE/CADTF/2023-2-Summer/June 30 CADTF minutes.docx
The Capital Adequacy (E) Task Force met April 28, 2023. The following Task Force members participated: Judith L. French, Chair, represented by Tom Botsko (OH); Grace Arnold, Vice Chair, represented by Fred Andersen (MN); Lori K. Wing-Heier represented by David Phifer (AK); Mark Fowler represented by Charles Hale (AL); Ricardo Lara represented by Thomas Reedy (CA); Michael Conway represented by Rolf Kaumann and Mitchell Bronson (CO); Andrew N. Mais represented by Wanchin Chou and Jack Broccoli (CT); Karima M. Woods represented by Philip Barlow (DC); Michael Yaworsky represented by Champa Whitaker Burns (FL); Doug Ommen represented by Carrie Mears, Kevin Clark, Mike Yanacheak, and Kim Cross (IA); Dana Popish Severinghaus represented by Vincent Tsang (IL); Amy L. Beard represented by Roy Eft (IN); Vicki Schmidt represented by Chut Tee (KS); Sharon P. Clark represented by Russell Coy (KY); Kathleen A. Brrane represented by Lynn Beckner (MD); Chlora Lindley-Myers and Julie Lederer (MO); Mike Causey represented by Jackie Obusek (NC); Jon Godfread represented by Matt Fischer (ND); Eric Dunning represented by Andrea Johnson and Lindsay Crawford (NE); Marlene Caride represented by David Wolf (NJ); Glen Mulready represented by Diane Carter (OK); Michael Wise represented by Thomas Baldwin, Ryan Basnett, and Daniel Morris (SC); Cassie Brown represented by Amy Garcia, Miriam Fisk, Ludi Skinner, Dan Paschal, Jamie Walker, and Rachel Hemphill (TX); Mike Kreidler represented by Steve Drutz (WA); and Nathan Houdek, Michael Erdman, Adrian Jaramillo, and Amy Malm (WI).

1. **Adopted its Spring National Meeting Minutes**

   Chou made a motion, seconded by Eft, to adopt the Task Force’s March 23 (see NAIC Proceedings – Spring 2023, Capital Adequacy (E) Task Force) and Feb. 3 (Attachment One) minutes. The motion passed unanimously.

2. **Discussed the Current Turmoil in the Banking Sector**

   Ed Toy (Risk & Regulatory Consulting—RRC) provided an update on the problems in the banking sector. He noted that there has not been any major negative news since the Spring National Meeting. While this provides a respite to be able to assess what happened and why, the strong consensus among analysts is that there are fundamental issues and that those issues still exist.

   There is also a building consensus on where there are probable contagion concerns. Topping the list is the commercial real estate market. There is concern about potential defaults in the bank mortgage portfolios given several overlapping factors 1) more conservative lending practices by banks given the current turmoil; 2) continuing softening of commercial real estate values; 3) higher officer vacancy rates; 4) higher interest rates, which drive up cap rates for valuing properties; and 5) expiring commercial office leases. The continuing concerns in the banking sector put downward pressure on equity values and bond valuations. This will have a near-term impact on the valuations of insurer portfolios that have significant exposure to financial institutions. Typical bond portfolios can range anywhere from 15%–40% exposure to financial institutions.

   However, it is not all bad news, as some mitigating factors have developed. The Federal Home Loan Banks (FHLBs) have stepped up and provided some funding for banks that need liquidity. There has been a modest downtick in interest rates (of about 50 basis points) since the end of 2022, slightly offsetting the significant increase in interest rates in 2022. This should help a little with asset valuations. Botsko said the Task Force appreciates Toy continuing to provide updates in upcoming meetings.
3. **Adopted Proposal 2023-02-P (Underwriting Risk Line 1 Factors)**

Botsko said proposal 2023-02-P provides a routine annual update to the Line 1 premium and reserve industry underwriting factors in the property/casualty (P/C) risk-based capital (RBC) formula. He also stated that the Working Group did not receive any comments during the exposure period.

Chou made a motion, seconded by Malm, to adopt proposal 2023-02-P (Attachment XX). The motion passed unanimously.

4. **Adopted Proposal 2023-03-IRE (Revised Residual Structure for Life)**

Barlow said the purpose of proposal 2023-03-IRE is to add a line to isolate residual tranches reported on Annual Statement, Schedule BA and the Asset Valuation Reserve (AVR). He stated that this is just a structure proposal: The factors proposal is currently exposed and will be considered in the Investment Risk and Evaluation (E) Working Group and brought back to the Task Force meeting in June. Walker commented that Texas is supportive of the structural change and encourages the Working Group to continue to be transparent on the data-driven process.

Barlow made a motion, seconded by Tsang, to adopt proposal 2023-03-IRE (Attachment XX). The motion passed unanimously.

5. **Adopted Proposal 2023-04-IRE (Residual Sensitivity Test for Life)**

Barlow said the purpose of this proposal is to add additional lines in the sensitivity testing exhibits for residual tranches. He also stated that the updated sensitivity testing could be an additional tool to help state insurance regulators in reviewing companies and their investments in residual tranches. He said that this is also just a structure proposal; therefore, the factors proposal is currently exposed and will be considered in the Investment Risk and Evaluation (E) Working Group and brought back to the Task Force meeting in June. Barlow also indicated that this proposal has been revised since the initial exposure in January, and no further comments have been received regarding the proposal. Botsko said the Task Force will revisit this item and make adjustments to the proposal if necessary.

Barlow made a motion, seconded by Tsang, to adopt proposal 2023-04-IRE (Attachment XX). The motion passed unanimously.

6. **Adopted Proposal 2023-05-L (Remove Dual Trend Test)**

Barlow said the current dual presentation of the Life Risk-Based Capital trend test was implemented as an interim approach while member jurisdictions transitioned to the higher 300% threshold. He stated that the dual approach is no longer needed as the transition process is now completed.

Barlow made a motion, seconded by Eft, to adopt proposal 2023-04-IRE (Attachment XX). The motion passed unanimously.

7. **Adopted Proposal 2023-06-L (C-2 Mortality Risk Structure Changes)**

Barlow said this proposal provides the following proposed life C-2 updates for consideration for 2023 year-end financial statements: 1) structural updates where it pertains to the treatment of group permanent life and miscellaneous other instructions updates. The proposal assigns the same factors to group permanent life as individual permanent life for categories stating with and without pricing flexibility; and 2) a new financial
statement note to provide the development of net amounts at risk for the life C-2 categories to create a direct link to a financial statement source, and accompanying life C-2 structural and instruction updates. The proposed second update includes the updates specified in the first update. He also stated that the second update was adopted by the Life Risk-Based Capital (E) Working Group with the caveat that the adoption of the new financial statement note by the Blanks (E) Working Group. Otherwise, company records will be used instead of a direct link to a financial statement source.

Barlow made a motion, seconded by Kaumann, to adopt proposal 2023-06-L (Attachment XX). The motion passed unanimously.

8. **Adopted Proposal 2023-07-L (CM6 & CM7 Mortgages Structures Changes)**

Barlow said this proposal serves the following purposes: 1) aligns the CM6 and CM7 life RBC factors for nonperforming commercial and farm mortgages with the RBC factors for the Annual Statement, Schedule A and Schedule BA investments in real estate, as those factors were adjusted in 2021; and 2) adopts the same formula for calculating RBC amounts for nonperforming and performing residential, commercial, and farm mortgages.

Barlow made a motion, seconded by Kaumann, to adopt proposal 2023-07-L (Attachment XX). The motion passed unanimously.

Drutz said the purpose of this proposal is to update the underwriting risk factors for the annual investment income adjustment to the comprehensive medical, Medicare supplement, and dental and vision factors. This proposal was originally exposed to the Health Risk-Based Capital (E) Working Group for a 30-day comment period ending March 9. No comments were received. The Working Group requests that the Task Force exposes this proposal for another 30-day comment period to address the factor changes for all three lines of business. Botsko said the Task Force and the Health Risk-Based Capital (E) Working Group welcome any comments during the exposure period.

The Task Force agreed to expose proposal 2022-16-CA for a 30-day public comment period ending May 27.

10. **Exposed Proposal 2023-01-CA (Stop Loss Premiums)**

Drutz said the purpose of this proposal is to clarify the instructions for the stop-loss business in the health RBC formula and align the life and P/C RBC formulas with these changes. The Health Risk-Based Capital (E) Working Group previously exposed this proposal for a 20-day comment period and only received minor editorial change suggestions. He stated that the Working Group requests that the Task Force exposes the proposal for a 30-day comment period to address the changes for all three lines of business.

The Task Force agreed to expose proposal 2023-01-CA for a 30-day public comment period ending May 27.

11. **Discussed a Referral from the Valuation of Securities (E) Task Force**

Botsko said the Valuation of Securities (E) Task Force and the Risk-Based Capital Investment Risk and Evaluation (E) Working Group exposed a referral jointly regarding additional market and analytical information for bond investments and requested comments from interested parties by March 31. He pointed out that the Task Force and Working Group did not receive any comments during the exposure period. Also, Botsko said the Task Force is not planning to send a response to the Valuation of Securities (E) Task Force at this time, as the information that is being proposed in the referral is not needed by the Task Force on a consistent basis. Barlow commented that
the Working Group will likely follow the same path as the Task Force. Mears said she appreciates that the Task Force and Working Group exposed the referral. She urged all interested parties to provide any further comments directly to the Valuation of Securities (E) Task Force.

12. Received an Update from its Risk Evaluation Ad Hoc Group

Botsko said the Capital Adequacy (E) Task Force established the Risk Evaluation Ad Hoc Group during the Spring National Meeting to: 1) re-evaluate some of the missing risks to determine if it should now include them in the RBC calculation or if it appropriately handles those risks utilizing other regulatory methods; and 2) review those factors and instructions that have not been reviewed since development to determine if modifications should be made. He stated that NAIC staff received more than 80 industry requests to be involved in the ad hoc group. Botsko commented that being a member of the group will require active participation in the group discussions and that status updates will be provided in every Task Force meeting. Botsko asked all interested parties to contact Eva Yeung (NAIC) if they do not plan on participating in the group discussion. Lastly, he said the ad hoc group plans to schedule its first meeting in May.

Having no further business, the Capital Adequacy (E) Task Force adjourned.
Virtual Meeting

HEALTH RISK-BASED CAPITAL (E) WORKING GROUP
July 25, 2023

Summary Report

The Health Risk-Based Capital (E) Working Group met July 25, 2023. During this meeting, the Working Group:

1. Adopted its May 17 and April 17 minutes, which included the following action:
   A. Adopted its Spring National Meeting minutes.
   B. Referred proposal 2023-01-CA to the Capital Adequacy (E) Task Force for exposure.
   C. Received an update from the American Academy of Actuaries (Academy) on the health care receivables and H2-underwriting risk review projects.
   D. Discussed pandemic risk.
   E. Exposed the proposal on the health test language for a 45-day public comment period ending June 30.

2. Adopted its 2023 health risk-based capital (RBC) newsletter.

3. Adopted its 2022 health RBC statistics report.

4. Exposed proposal 2023-11-H (XR014 Fee-for-Service & Other Risk Revenue-Medicare & Medicaid) for a 30-day public comment period ending Aug. 24. The proposal was drafted to include Medicare and Medicaid fee-for-service and other risk revenue amounts in Column (1), Lines (4) and (10) on pages XR014 and XR013.

5. Received comments from the New York Department of Financial Services on the health test language proposal. The Working Group referred the proposal to the Blanks (E) Working Group.

6. Received an update from the Academy on the health care receivables and H2-underwriting risk review projects. The Working Group agreed to reach out to companies where there are questions related to the reporting of health care receivables. The Working Group agreed to expose the Academy’s update letter on the H2-underwriting risk review and work with the Academy to address the questions provided in its letter.

7. Adopted its 2023 working agenda.

8. Received an update on the work being performed by the Excessive Growth Charge Ad Hoc group.

9. Discussed a way forward on evaluating pandemic risk in the health RBC formula.
Meeting Summary Report

The Risk-Based Capital Investment Risk and Evaluation (E) Working Group met Aug. 13, 2023. During this meeting, the Working Group:

1. Adopted its June 14, May 17, April 20, and Spring National Meeting minutes, which included the following action:
   A. Discussed comments received on proposed structural and factor changes for residual tranches.
   B. Adopted structural changes and factors for the base factor and a sensitivity test for residual tranches.

2. Received updates from the Valuation of Securities (E) Task Force and the Statutory Accounting Principles (E) Working Group.

3. Heard a presentation from the American Academy of Actuaries (Academy) on Principles for Structured Securities RBC.
2023 Summer National Meeting
Seattle, Washington

LIFE RISK-BASED CAPITAL (E) WORKING GROUP
Sunday, August 13, 2023
8:00 – 9:00 a.m.

Meeting Summary Report

The Life Risk-Based Capital (E) Working Group met Aug. 13, 2023. During this meeting, the Working Group:

1. Adopted its June 22, April 14, and Spring National Meeting minutes, which included the following action:
   A. Adopted the proposed charges of the Generator of Economic Scenarios (GOES) (E/A) Subgroup.
   B. Adopted proposal 2023-05-L (Removal of Dual Trend Test).
   C. Adopted proposal 2023-06-L (C-2 Mortality Structure and Instruction Changes).
   D. Adopted proposal 2023-07-L (CM6 & CM7 Mortgage Structure Change).

2. Adopted the 2023 life risk-based capital (RBC) newsletter.

3. Adopted the 2022 life RBC statistics.

4. Adopted its working agenda.

5. Heard a presentation from the American Council of Life Insurers (ACLI) on repurchase agreements and exposed it for a public-comment period of 45 days.
Virtual Meeting

PROPERTY AND CASUALTY RISK-BASED CAPITAL (E) WORKING GROUP
July 27, 2023

Summary Report

The Property and Casualty Risk-Based Capital (E) Working Group met July 27, 2023. During this meeting, the Subgroup:

1. Adopted its June 16 and April 24 minutes, which included the following action:
   A. Adopted its Spring National Meeting minutes.
   B. Adopted proposal 2023-02-P, which provided a routine annual update to the Line 1 premium and reserve industry underwriting factors in the property/casualty (P/C) risk-based capital (RBC) formula.
   C. Adopted proposal 2023-02-P-MOD, which updated the H/F, WC, and CMP reserve factors due to an incorrect calculation.

2. Adopted the report of the Catastrophe Risk (E) Subgroup. During its July 18 meeting, the Subgroup took the following action:
   A. Adopted its Spring National Meeting minutes.
   B. Discussed its working agenda.
   C. Received an update from its Catastrophe Model Technical Review Ad Hoc Group.
   D. Discussed wildfire peril impact analysis.
   E. Heard a presentation from Verisk on a severe convective storms model update and technical review.
   F. Discussed the flood insurance market.

3. Adopted its 2023 newsletter for adopted proposals to the 2023 P/C RBC formula.

5. Discussed its working agenda.

6. Discussed the possibility of reviewing or analyzing the P/C RBC charges that have not been reviewed since developed.

Structured notes reflect derivative instruments (i.e. put option or forward contract) that are wrapped by a debt structure. | Referral from CADTF | 10/8/19 - Exposed for a 30-day Comment period ending 11/8/2019 | 3-22-20 - Tabled discussion pending adoption of the bond structure and factors. | 1/12/2022 |
| IR4 | RBC IRE | 2 | 2023 or later | Comprehensive Fund Review for investments reported on Schedule D Pt 2 Sn2 | Referral from CADTF | Discussed during Spring Mtg. NAIC staff to do analysis. | 10/8/19 - Exposed for a 30-day comment period ending 11/8/19 | 3-22-20 - Tabled discussion pending adoption of the bond structure and factors. | 1/12/2022 |

**New Items – RBC IR & E**

<p>| IR5 | 2023 or later | Evaluate the appropriate RBC treatment of Asset-Backed Securities (ABS), including Collateralized Loan Obligations (CLO), collateralized fund obligations (CFOs), or other similar securities carrying similar types of tail risk (Complex Assets). | Request from E Committee, SAPWG, VOSTF | Per the request of E Committee comments were solicited asking if these types of assets should be considered a part of the RBC framework. | 1/12/2022 |
| IR6 | 2023 or later | Evaluate the appropriate RBC treatment of Residual Tranches. | Request from E Committee, SAPWG, VOSTF | Per the request of E Committee comments were solicited asking if these types of assets should be considered a part of the RBC framework. | 1/12/2022 |
| IR7 | 2025 or later | Phase 2 Bond analysis - evaluate and develop an approach to map other ABS to current bond factors following the established principles from Phase 1 where the collateral has an assigned RBC. This project will likely require an outside consultant and the timeline could exceed 2-3 years. | Request from E Committee | Per the request of E Committee comments were solicited requesting the need for outside review. | 1/12/2022 |
| IR8 | RBC IRE | 2023 or later | Address the tail risk concerns no captured by reserves for privately structured securities. | Referral from the Macroprudential (E) Working Group | 8/11/2022 |</p>

</tr>
</tbody>
</table>
The mission of the Capital Adequacy (E) Task Force is to evaluate and recommend appropriate refinements to capital requirements for all types of insurers.

Ongoing Support of NAIC Programs, Products, or Services

1. The Capital Adequacy (E) Task Force will:
   A. Evaluate emerging “risk” issues for referral to the risk-based capital (RBC) working groups/subgroups for certain issues involving more than one RBC formula. Monitor emerging and existing risks relative to their consistent or divergent treatment in the three RBC formulas.
   B. Review and evaluate company submissions for the schedule and corresponding adjustment to total adjusted capital (TAC).
   C. Evaluate relevant historical data and apply defined statistical safety levels over appropriate time horizons in developing recommendations for revisions to the current asset risk structure and factors in each of the RBC formulas.

2. The Health Risk-Based Capital (E) Working Group, Life Risk-Based Capital (E) Working Group, and Property and Casualty Risk-Based Capital (E) Working Group will:
   A. Evaluate refinements to the existing NAIC RBC formulas implemented in the prior year. Forward the final version of the structure of the current year life and fraternal, property/casualty (P/C), and health RBC formulas to the Financial Condition (E) Committee by June.
   B. Consider improvements and revisions to the various RBC blanks to: 1) conform the RBC blanks to changes made in other areas of the NAIC to promote uniformity; and 2) oversee the development of additional reporting formats within the existing RBC blanks as needs are identified. Any proposal that affects the RBC structure must be adopted no later than April 30 of the reporting year, and any proposal that affects the RBC factors and/or instructions must be adopted no later than June 30 of the reporting year. Adopted changes will be forwarded to the Financial Condition (E) Committee by the next scheduled meeting or conference call. Any adoptions made to the annual financial statement blanks or statutory accounting principles that affect an RBC change adopted by June 30 and result in an amended change may be considered and adopted by July 30, where the Capital Adequacy (E) Task Force votes to pursue by super-majority (two-thirds) consent of members.
   C. Monitor changes in accounting and reporting requirements resulting from the adoption and continuing maintenance of the revised Accounting Practices and Procedures Manual (AP&P Manual) to ensure that model laws, publications, formulas, analysis tools, etc. supported by the Task Force continue to meet regulatory objectives.
   D. Review the effectiveness of the NAIC’s RBC policies and procedures as they affect the accuracy, audit ability, timeliness of reporting access to RBC results, and comparability among the RBC formulas. Report on data quality problems in the prior year RBC filings at the summer and fall national meetings.

3. The Variable Annuities Capital and Reserve (E/A) Subgroup of the Life Risk-Based Capital (E) Working Group and the Life Actuarial (A) Task Force will:
   A. Monitor the impact of the changes to the variable annuities (VA) reserve framework and RBC calculation
and determine if additional revisions need to be made.
B. Develop and recommend appropriate changes, including those to improve the accuracy and clarity of VA capital and reserve requirements.

4. The **Longevity Risk (E/A) Subgroup** of the Life Risk-Based Capital (E) Working Group and the Life Actuarial (A) Task Force will:
   A. Provide recommendations for the appropriate treatment of longevity risk transfers by the new longevity factors.

5. The **Catastrophe Risk (E) Subgroup** of the Property and Casualty Risk-Based Capital (E) Working Group will:
   A. Recalculate the premium risk factors on an ex-catastrophe basis, if needed.
   B. Continue to update the U.S. and non-U.S. catastrophe event list.
   C. Continue to evaluate the need for exemption criteria for insurers with minimal risk.
   D. Evaluate the RBC results inclusive of a catastrophe risk charge.
   E. Refine instructions for the catastrophe risk charge.
   F. Continue to evaluate any necessary refinements to the catastrophe risk formula.
   G. Evaluate other catastrophe risks for possible inclusion in the charge.

6. The **RBC Investment Risk and Evaluation (E) Working Group** will:
   A. Perform a comprehensive review of the RBC investment framework for all business types, which could include:
      i. Identifying and acknowledging uses that extend beyond the purpose of the *Risk-Based Capital (RBC) for Insurers Model Act (E312)*.
      ii. Assessing the impact and effectiveness of potential changes in contributing to the identification of weakly capitalized companies; i.e., those companies at action levels.
      iii. Documenting the modifications made over time to the formulas, including, but not limited to, an analysis of the costs in study and development, implementation (internal and external), assimilation, verification, analysis, and review of the desired change to the RBC formulas and facilitating the appropriate allocation of resources.

7. The **Generator of Economic Scenarios (GOES) (E/A) Subgroup** of the Life Risk-Based Capital (E) Working Group and the Life Actuarial (A) Task Force will:
   A. Monitor that the economic scenario governance framework is being appropriately followed by all relevant stakeholders involved in scenario delivery.
   B. Review material economic scenario generator updates, either driven by periodic model maintenance or changes to the economic environment and provide recommendations.
   C. Regularly review key economic conditions and metrics to evaluate the need for off-cycle or significant economic scenario generator updates and maintain a public timeline for economic scenario generator updates.
   D. Support the implementation of an economic scenario generator for use in statutory reserve and capital calculations.
   E. Develop and maintain acceptance criteria that reflect history as well as plausibly more extreme scenarios.

NAIC Support Staff: Eva Yeung

SharePoint/FRS-RBC/CADTF/Charges/2023/2023 Proposed Charges.docx
PROCEDURES OF THE FINANCIAL CONDITION (E) COMMITTEE'S CAPITAL ADEQUACY TASK FORCE IN CONNECTION WITH PROPOSED AMENDMENTS TO RISK-BASED CAPITAL BLANKS AND INSTRUCTIONS

The following establishes procedures and rules of the Financial Condition (E) Committee's Capital Adequacy Task Force (Task Force) and its Working Groups with respect to proposed amendments to the NAIC RBC Forecasting (blanks) and Instructions.

1. The Task Force may consider relevant proposals to change the RBC blanks and instructions at the national meeting or designated interim meeting as scheduled by the Task Force.

2. All proposals for suggested changes and amendments shall use NAIC Proposal Forms and shall be stated in a concise and complete manner and include the appropriate blank and instruction modifications. The Proposal Form and its instructions are available online under related documents and resources at https://content.naic.org/cmte_e_capad.htm, http://www.naic.org/committees_e_capad.htm and All interested party proposals should be emailed to the appropriate NAIC staff support with a completed proposal form and mocked-up changes.

The following guidelines apply:

- Any proposal that affects a blank must be exposed by the Task Force or its Working Groups by January 31 of the effective year of the change. In only rare instances, where the structure change is urgent, may the exposure deadline be extended to March 15 for either the Task Force or Working Groups. The proposal must be adopted by the Task Force no later than April 30 of the effective year of the change.
- Any proposal that only affects the instructions or factors must be exposed by the Task Force / Working Group by April 30 and adopted by the Task Force by June 30 of the current year.
- Only the Task Force may extend the June 30th adoption deadline for previously considered proposals regarding instructions or factors upon a super majority (two-thirds) consent of the Task Force members present where such extension can no later than July 30th of the current year. This would be considered only in rare circumstances where urgency of such adoption is high. The super majority consent applies only in the instance of a Task Force vote that is outside of the standard RBC adoption deadlines (April 30 and June 30).

An illustration of the proposed change to the RBC blank or instructions should accompany the Proposal Form. In addition, an impact analysis will be required for any factor change. If another NAIC Committee, Task Force or Working Group is known to have considered this proposal, that Committee, Task Force or Working Group should provide any relevant information.

The Task Force/Working Group will review the proposal and determine whether to receive the proposal and expose for public comment (initial exposure of at least 30-days, to ensure adequate time to provide comment on any structural change), unless a shorter exposure is approved by the Task Force or Working Groups or whether to reject the proposal. The comment period ends at least 30 business days prior to the next designated national or interim meeting of the Task Force/Working Group. The Task Force/Working Group will consider comments received on each proposal at its next meeting. Proposals under consideration may be deferred by the Task Force/Working Group if there is general consensus among members that the proposal has merit but warrants additional work or input. However, the Task Force will limit the number of deferrals to two. The proposal must be acted upon by the third meeting after the second deferral, and or absent action, the proposal is deemed to have been rejected and will be removed from the agenda. The Task Force may also refer proposals to other NAIC groups due to their technical expertise or for additional review. If a proposal has been referred to another NAIC group, the proposal will be reprioritized on the working agenda and will be considered again in the form of a modified or new proposal after comments/recommendations are received. The Task Force will review and adopt the working agenda at each National Meeting, if necessary, to ensure all items designated as a priority 1 are being addressed, to add or delete items that have been addressed or to reprioritize the remaining items on the working agenda.

3. Interested Party proposals filed with the appropriate NAIC staff support shall be considered at the next regularly scheduled meeting of the Task Force/Working Group if the proposal is filed at least twenty days prior to the meeting. Items filed less than twenty days prior to a regularly scheduled meeting will be considered at the following regularly scheduled meeting.

4. The NAIC staff support shall prepare the meeting materials including agenda of all suggested proposals. Interim meeting materials will be posted no later than one week three business days prior to the scheduled meeting on the NAIC website. Initial national meeting materials will be posted ten business days before the first day of each National Meeting on the NAIC website.
5. At each meeting, the Task Force/Working Group will review comments that were received by the comment exposure due date for suggested proposals.

6. NAIC staff support will present to the Task Force/Working Group a list of necessary incorporate any non-substantive changes discovered in the annual updates of the RBC formulas process of implementing proposals, e.g., reference changes due to new SSAPs or required changes discovered in the process of implementing proposalsannual statement references. These changes will be reflected in RBC newsletters that will be presented to The Task Force/Working Group will review these changes and may adopt the appropriate items at any regularly scheduled meeting. Such actions will be documented in the minutes of the Task Force/Working Group for adoption at the Summer National Meeting. NAIC staff support may also request that the Task Force/Working Group reconsider items adopted, if these items contain substantial errors.

7. The Task Force/Working Group may, when deemed necessary, appoint an Ad Hoc Group to study proposals and/or certain issues.

8. The NAIC will publish each agenda approximately one week prior to each interim or national meeting (including proposals received for comment and comments received) on the NAIC Web site.

9. The NAIC will retain all current and subsequent adopted proposals on the Task Force website up to the publication date of November 1 for current and subsequent years.

8. The NAIC will publish the RBC Forecasting and Instructions for the next subsequent year on, or about November 1 each year. The following documentation will be posted to the NAIC Web site:

   - RBC Proposals adopted by the Task Force (after each interim and National Meeting)
   - Annual RBC Newsletters (after Summer National Meeting)
   - Annual RBC Statistics (after Summer National Meeting)
   - Working Agenda (after each National Meeting)
   - Any subsequent corrections to these publications (as needed)
