Instruction:

T. Aggregate Collateral Loans by Qualifying Investment Collateral

Pursuant to SSAP No. 21 R – Other Admitted Assets, nonadmittance of a collateral loan is required when the fair value of the collateral is not sufficient to cover the collateral loan or if the collateral securing the loan is not a qualifying investment. This includes situations in which collateral in form of joint ventures, partnerships, limited liability companies (LLCs) or subsidiaries, controlled, and affiliates (SCAs) is not supported by an audit as required by SSAP No. 48 or SSAP No. 97.

Collateral loans shall be reported based on the type of qualifying investment that secures the loan. An aggregate note disclosure shall identify the total amount of collateral loans, and the collateral loans admitted and nonadmitted by qualifying investment type.

The other qualifying investment category shall only be used to capture collateral loans secured by collateral in the form of contract loans, derivatives, other invested assets not separately reported, receivables for securities, securities lending and any investments that would qualify as a write-in for invested assets. All collateral loans secured by collateral that does not qualify as an investment are required to be nonadmitted under SSAP No. 21R.
