Dear Leader McConnell, Leader Schumer, Chairman Shelby and Vice Chairman Leahy,

On behalf of the membership of the National Association of Insurance Commissioners, we write today to express our support for the State Health Insurance Assistance Program (SHIP) and urge Congress to provide adequate funding to support these important resources for our citizens.

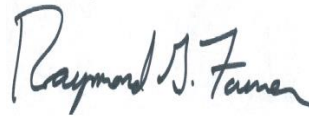

The primary goal of SHIPs is to advise, educate and empower individuals to navigate Medicare, Medicaid, Medigap and long-term care insurance and to help beneficiaries make choices that best meet their needs from the vast array of options. SHIP assisters are well trained and are able to address consumer questions and complaints quickly and effectively.

The nation's state insurance regulators recognize the valuable role that the SHIPs have played in helping America's seniors, people with disabilities and their families through consumer education. The NAIC urges the Committee to provide SHIPs with the necessary funding to continue this important work.

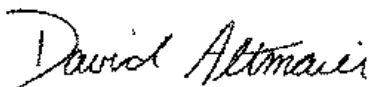

Sincerely,
