

NAIC Title Insurance (C) Task Force

Survey of State Insurance Laws Regarding Title Data and Title Matters

November 2015

The Title Insurance (C) Task Force conducted a survey of each jurisdiction's laws and regulations regarding title insurance. The Task Force agreed at the 2015 Spring National Meeting to update the Survey of State Insurance Laws Regarding Title Data and Title Matters. The survey's intent is to be a tool for regulators and interested parties to gain insight into the regulation of title insurance. The survey was enhanced by the Task Force members and sent out for completion in June 2015. Respondents were the insurance department or other jurisdictional agency responsible for title agents or title insurance as appropriate in each jurisdiction.

The information in this document contains the results of the survey. The initial responses were provided in SurveyMonkey. Great care was taken in assembling and compiling the responses that appear in the summarized tables that follow. Each jurisdiction will be given an opportunity to review the data for accuracy. Requests for revisions can be sent to Jennifer Gardner at jgardner@naic.org.

Comments regarding the state's general authority to collect agent data:	
AL	
AK	We may collect data from insurance licensees, which may or may not include escrow/settlement agents, depending upon the functions they perform. Alaska has a regulation that requires a title producer to provide the title insurance company with data necessary to support a rate filing.
AR	The Department is authorized by statute to collect data from title agents. See Ark. Code Ann. 23-64-512 and 23-104-406
AZ	We have authority to request information from either a title insurer who can then turn around and request it from any other participants or from a title agent. Attorneys only represent title insurers. We do not have abstracters (they are equivalent to title agents in other states). Escrow/Settlement agents are regulated by the Arizona Department of Financial Institutions (AZ DFI).
CA	CA Code of Regulations, Title 10 sections 2355.1 and 2355.2 approved in August, 2009, require title insurers to submit a Statistical Plan and Income Report. Section 2355.4 authorizes rating examinations of title insurers, title agents and controlled escrow companies. Insurance Code section 730 et seq. provides exam authority.
CO	The Division maintains general subpoena authority and can obtain data through formal requests.
CT	
DC	Data collection is referenced related to rate filings.
DE	
FL	S. 627.782, F.S. provides specific authorization for the Office of Insurance Regulation (OIR) to collect data from both agencies and insurers. S.627.8437, F.S. says the Department of Financial Services (DFS) shall suspend, revoke or refuse to renew a license of an agency if the agency fails to timely submit data as required by s. 627.782, F.S.
GA	O.C.G.A. §33-2-12 provides agents may be examined to ascertain compliance with the Ga Insurance Code; O.C.G.A. §33-2-11 provides that insurers may be examined.
GU	Commissioner may specifically require data from title insurer (22 GCA Section 15105(c))
HI

NY	There is currently no statute or regulation authorizing the department to collect data directly from title agents, accordingly NY directs title insurers to collect title agent data and submit compiled data to the department's statistical agent.
NV	
OH	
OK	The only information regularly collected by the OIR are certifications of biennial policy inventory audits conducted by title carriers on Oklahoma title agents in accordance with Rule 365:20-3-5.
OR	Our authority is limited. The Insurance Division can request agent information from title insurers as part of an examination or inquiry.
PA	Statutes require title agents to give the Commissioner access to all agent books and records and to maintain the same in such a manner that the Commissioner or his representative may determine compliance with the law. See 40 P.S. §910-27. Title agents must also respond in writing to inquiries from the Commissioner. See 40 P.S. §910-28. Violations of these provisions are punishable by license revocation. Finally, our statute provides that a title insurer shall have access and a right to copy all of an agent's files and records related to its business in a form acceptable to the insurer, and the Commissioner shall have access to all files, accounts and records of the title agent in a form usable by the Commissioner. See 40 P.S. §910-26.1(6).

	By what legal protection is the data reported kept confidential?	What kind of data is collected and how is it used?
AL	N/A	
AK	confidentiality of examination materials (not specific to market regulation)	We have collected data regarding profit and loss.
AR	Arkansas law protects information that is part of an examination or active and open investigation.	The Department receives and reviews the annual statutory audits performed by title insurers. It may collect other data, such as closing files and policy records, during an investigation.
AZ	N/A	During a Market Conduct Exam, we collect underwriting, claims handling and operational data which includes procedures and policyholder data.
CA	Statutory authority, both regulatory and non regulatory, and general state law as applicable.	Data collected may include a review of the books, records, accounts, rates, charges, fees, rating plans, rating systems, underwriting rules, policy forms; loss or expense experience and the data, statistics, or information collected or used in determining or establishing the rates, charges, fees, rating plans, rating systems, underwriting rules or policy forms; statistical plan and financial data reports. Purpose is to aid in the administration of rate regulatory laws.
CO	All of the above apply depending upon the circumstances (including n/a because there are times the Division cannot keep reported data confidential).

OR	Yes	This type of review would arise if there were other concerns about the activity, a particular agent or questionable practice.	Yes
PA	Yes	While the Department has authority to obtain a copy of such agreements, there are no statutory standards for the “review” of such agreements.	Maybe, depending on why/how the agreement was obtained by the Department. For example, materials that are investigatory or obtained in a Market Conduct examination are privileged and are generally required to be protected. Also, materials otherwise submitted to the Department that are claimed to be trade secret or confidential proprietary financial information must also be treated as such, unless a determination is made in the context of a public records request that such claims are not, in fact, valid (which the party that submitted the materials may then appeal).

TN	Notes regarding items 12 and 13: Tennessee title rate type is defined by statute and regulation into risk rate and all inclusive rate counties based upon population as determined by the most recent census. The majority of Tennessee counties are pure risk rate where other fees (abstract and examination of title) are unregulated. Six Tennessee counties are all inclusive rate, with one of these having separate filed fees for abstract of title. Abstract and Examination of title rate regulation only applies in these six counties.
